Border Incidents

China, Soviet Trade New Attack Charges

Note Given To Russians In Peking

Says Woman Killed In Raid; Chinese Blamed By Moscow

TOKYO (AP) — Red China charged today that Soviet troops, tanks and armored cars had swept into Sinkiang province, carrying out "wanton provocations against three Chinese herdsmen who were grazing cattle." A woman herder was reported killed and a herdsman kidnaped.

Soviet Accuses China Of Provoking Clashes

MOSCOW (AP) — The Soviet Union accused Communist China today of provoking new clashes on the Soviet border and said China possibly will make further efforts to "poison the good, business like atmosphere" at the Moscow-organized international Communist conference.

Soviet Foreign Ministry spokesman Leonid Zamyatin added that a recent series of incidents on the border "probably has the purpose of hampering the consultations proposed by the Soviet government" on the border question.

The official New China News Agency said the Chinese Foreign Ministry had handed a note to the Soviet Embassy in Peking charging that "dozens" of Soviet troops crossed the border into Yumin County, in northwest Sinkiang, Tuesday night.

When Chinese frontier guards approached the soldiers, the note said, "the Soviet troops, truculently refusing to talk reason, were the first to open fire, killing a Chinese herdswoman on the spot."

"Driven beyond the limits of forebearance," the protest continued, "the Chinese frontier guards were compelled to fight back in self-defense.

"The Soviet troops subsequently sent large numbers of tanks and armored cars to intrude into Chinese territory in an attempt to provoke still larger armed conflicts. The incident is developing."

The note warned the Soviet Union to change its "policy of territorial expansion and armed provocation against China." Otherwise, it said, the Soviets "will surely meet with severe punishment by the Chinese people, and the Soviet government must be held fully responsible for all the grave consequences arising therefrom."

The protest demanded an immediate halt to Soviet "encroachment" into Chinese territory and return of the kidnaped herdsman. Peking also said it reserved the right to demand compensation.

By Survivor From Wellsville

Tragedy At Sea Recalled

SEAMAN ROBERT REED, a survivor of the sea disaster which claimed the lives of 74 American sailors, points out his "boss", SHL-1 Petty Officer Moore, emerging from the carrier which brought the survivors back to the states following the disaster.

By LARRY BROKAW

"I don't really know what happened," says Seaman Robert Reed of Wellsville, a survivor of the June 3 collision of the U.S. destroyer Frank E. Evans and the Australian aircraft carrier Melbourne which claimed 74 American lives.

"I was asleep in the aft section when it happened. The first thing I remember is being thrown to the floor and having someone land on top of me."

Reed, son of Mr. and Mrs. Earl Reed of 1003 Main St., continued:

"At first, I thought we had run aground. We were all kind of stunned; it had sort of an unreal quality about it.

—:—

"FORTUNATELY, no one in our section panicked. And it's a good thing too. We were sleeping right under one of the gun mounts.

"One of the petty officers saw what appeared to be hydraulic fluid leaking from the gun mount and pouring into our compartment, and told us to get up topside as soon as possible. We did, not even taking time to dress or get any of our gear.

"It seemed like it took only two or three minutes to get up top. When I got there, the carrier was beside our ship. I still didn't know we'd been rammed, but a few of the guys said they thought that's what had happened.

"After we'd become more or

14 GIs Killed, 68 Injured As Reds Raid 3 U.S. Bases

SAIGON (AP) — North Vietnamese forces attacked three U.S. bases in the coastal lowlands south of Da Nang during the night, killing 14 Americans, wounding 6 and destroying or damaging some artillery guns, the U.S. Command reported today. The Americans said 76 North Vietnamese were killed.

In the heaviest attack, North Vietnamese sappers armed with flame throwers and dynamite bombs blasted their way into an American artillery base in foothills 30 miles south of Da Nang. Eleven Americans were killed and 32 wounded in hand-to-hand fighting.

About 150 troops of the U.S. 196th Light Infantry Brigade were camped for the night when the sappers attacked shortly after 2 a.m. The enemy troops broke through the barbed wire perimeter under cover of a 70-round mortar barrage that pinned the Americans down.

The fighting was so close, spokesmen said, that the Americans were unable to call in bombers and artillery to help drive the North Vietnamese soldiers back.

When the enemy troops pulled out, they left their dead around the base. They also abandoned a flame thrower and 12 rifles.

The U.S. base is set up in a hilly area which serves as a key enemy infiltration route to Tam Ky, where heavy fighting flared last month.

U.S. and South Vietnamese forces have launched a series of operations to relieve the pressure on Tam Ky. One American officer said the enemy could have bypassed the American base.

"They could have gone around it," he said. "They just wanted to kill some people. The more Americans they kill, the greater the political pressure."

Forty miles south of the artillery base, other troops of the 196th Brigade came under attack during the night. When the fighting ended at daylight, the Americans counted eight North Vietnamese dead and captured a wounded enemy soldier. U.S. losses were one killed and seven wounded.

2 Traffic Surveys Slated For New Bridge Planning

Traffic surveys — the first due to start Friday — will be held in the Chester - Weirton area by the West Virginia Road Commission to determine travel patterns of motorists in relation to the proposed new bridge to replace the closed Chester span.

State Road Commissioner William Ritchie said origin - desination surveys will be conducted on the Newell Bridge and the East Steubenville and Ft. Steuben Bridges at Weirton.

Two survey periods have been scheduled. The first will be Friday from 7 p.m. to Sunday at 7 p.m. The second will be from Monday night at 7 to Tuesday night at 7.

Approximately 120 area personnel will be employed to assist with the surveys in which motorists will be questioned as to the origin, destination and purpose of their trips. This data is essential for the SRC in progressing with the design of the new Chester Bridge.

"We realize this study will create considerable delays in traffic, and we beg the indulgence of area motorists for the duration of the survey. We recommend the motorists using these bridges start early and cooperate with the surveyors in order to expedite traffic movement.

"The cooperation of all motorists is appreciated," Ritchie added. He noted that this will be the final origin - destination survey that will be required for the project.

A public hearing is scheduled June 24 at the Chester American Legion on the proposed location and construction of the new facility.

All interested have been invited to attend the 7:30 p. m. session, which will be attended by State Road Commission engineers and representatives of various groups and organizations.

Check Of Auditor Office Discloses No 'Findings'

LISBON — A state examination of the Columbiana County auditor's office from April 1, 1966, to last Jan. 25 covers 21 typewritten pages, reflecting the wide range of duties handled by Auditor Kenneth Bell and his staff.

There are no findings against the auditor in the report of examiner Robert L. Hookey. The report is available for public inspection beginning today in the offices of Bell and Prosecuting Atty J. Warren Bettis.

Hookey noted that no inventory has been maintained by the auditor's office contrary to statute, but there were no other omissions noted in the office business.

The examiner said the general ledger, journal of warrants issued, journal of payments into the treasury and receipts ledgers were properly maintained and the appropriation account was found up to date "and very efficiently maintained."

The auditor is the county paymaster. In addition, his office distributes the taxes (real estate, personal property, inheritance, trailer and cigarettes) collected by the treasurer, is in charge of the real estate reappraisal ordered periodically by the state, maintains a list of lands forfeited for delinquent taxes and offers them for sale, distributes fines and costs paid into the county treasury by the three county courts, East Liverpool Municipal Court and Salem mayor's court, sells dog licenses (17,201 last year), and sells licenses to vendors, junkyard operators and brewers or malt dealers.

The county sealer of weights and measures works out of the uditor's office.

The examination also covered the county board of revision which includes the auditor, Treasurer Vincent C. Judge and the president of the Board of County Commissioners — James W. Boyd this year — a the County Budget Commission, made up of the auditor, treasurer and prosecutor.

Minutes of the budget commission have been clearly stated and recorded by the auditor, but while notes of the board of revision meeting were maintained by the auditor they were not officially recorded nor approved as the statute provides, Hookey said.

EAST LIVERPOOL REVIEW

A Dependable Newspaper Serving the Tri-State District

Published Daily (Evening) Except Sunday
By Thomson-Brush-Moore Newspapers, Inc.

Member Associated Press
Established Oct. 25, 1879

Wednesday, June 11, 1969 Page 4

Preventing Air Pollution

Pollution of the air in the tri-state district is not an exclusive franchise of heavy industry and electric utilities.

Small business operations and neighborhood trash fires can be just offensive as steel mill dust and fly ash from the stack of a power plant.

Fumes from buses on St. Clair Ave. are a major irritation for residents along the street and motorists in the trail of the antiquated vehicles.

Chester Council and the East Liverpool Planning Commission in separate meetings Monday discussed complaints about pollution—in Chester, smoke from a demolition business, in East Liverpool, smoke from a junk yard.

In both instances, the firms are authorized to burn within certain limitations.

However, when these operations become detrimental to the living conditions of the district and a hazard to the health of nearby residents, the practice must be halted.

Air pollution has become a massive problem in America, one which federal and state authorities are seeking to solve. The time has arrived for local authorities to study closely the effects of pollution in our own communities, and to establish rigid regulations to protect the environment of our citizens from odious and harmful discharges along our streets and roads.

Namath's Opinion

The New York Jets' flashy quarterback Joe Namath has said he will retire from professional football rather than sell his interest in a New York nightclub frequented by alleged undesirables, including gamblers.

He defends his action and explains it with the simple statement: "It's a matter of principle."

Basically he is saying that nobody is going to tell him what he can and cannot do.

THE STAR QUARTERBACK'S attitude in this instance is all too typical of many members of his generation.

It is a purely self-centered view and fails to recognize that by participation in a world-observed sport such as professional football he automatically must surrender some of his personal freedom in the interest of the sport and its reputation and ability to influence the lives of others.

Football Commissioner Pete Rozelle, of necessity, must look at the broad view of the Namath case.

Although Namath's personal conduct in the situation has not been questioned, it is easy for most people to see the great potential damage to professional football which could come from public suspicion regarding the close relationship between a football star and the gambling community.

The adage that no man is an island unto himself applies here and Mr. Namath should realize it.

IT IS SAID that he is a man who develops intense loyalty for his friends. Surely then he must have greater loyalty for the large number of professional football players he plays with and against than for a few New York gamblers who patronize this nightclub.

Joe Namath has said he will quit football. A great many Americans hope he will change his mind.

We have confidence he will be back in uniform and playing in his colorful style for the Jets again come fall.

A Look At Apollo Time Table

Smashing success or dismal disaster for the Apollo program may hang on Thursday's decision about when to attempt the moon landing.

Lt. Gen. Samuel C. Phillips, Apollo program director, will meet with space officials Thursday and then decide if the moon landing will be attempted in July or put off another month.

He must determine if everything is ready for the Apollo 11 mission or if technical problems or the need for additional training time warrant a delay.

The director has expressed confidence that the lunar landing will take place July 20 as scheduled but he has not ruled out a postponement.

Apollo 11 presently is set for launch July 16 with the landing try coming four days later. A delay would have to be at least a month in length so lighting conditions would return to a suitable level.

Apollo 10 astronauts, Col. Thomas P. Stafford and Cmdrs. John W. Young and Eugene A. Cernan have indicated in an interview that more training time for the Apollo 11 crew might be advisable.

Space travel is risky at best and all reasonable precautions must be taken to protect astronauts and the future of the space progrm.

If another month would provide a greater margin of safety for the crew or lengthen overall chances for success, then by all means a postponement is in order.

The world has gotten along without a moon landing for quite a few years, so another month won't make that much difference.

New Use For Old Missiles

Cityofficials looking for street culverts of excellent quality at a good price can follow the example set by the community of Cotts Valley, Calif.

The town has purchased 3,678 obsolete Corporal missiles — minus secret parts — from the Federal War Surplus Center at a cost of $95 each.

THE ARMY'S 35-foot missiles cost about $1 million each when they were constructed back in 1951.

The incident scores a point in behalf of disarmament talks.

True, some will say it is better to have built the missiles at a tremendous cost and let them be used for street culverts than to have to run the risk of an attack without them.

But that one-upmanship game with weapons can go a long way as the American taxpayer well knows.

The question put forth by disarmament proponents is: Why stop with missile construction if the goal is real and lasting peace?

People who are up to the ears with defense spending on soon-to-be-obsolete superweapons could accept the huge expenitures if disarmament talks were being promoted as strongly as is the need for additional military hardware.

Numerous factors are involved in the attitude of reluctance toward nuclear sanity through a reduction in arms, but two big ones are fear and mistrust.

National leaders and military advisers admit fearing that de-emphasizing the arsenal build-up would tip the balance of power in the world and bring on a war.

THE FEAR IS SHARED by both superpowers.

The sane approach then would be for the top powers to move with all possible speed to work out a plan to end the arms race.

Nuclear parity, at the most, should be only a temporary method of supporting peace while the national goal of disarmament is pursued intensely.

So long as nuclear parity or superiority is the national goal, disarmament will always take a back seat.

A Token Withdrawal

President Nixon has engineered the withdrawal of 25,000 U.S. troops as a symbol that America is interested in working out a settlement of the war, and thus spur the Paris talks to significant action.

Unfortunately, hawkish Americans see the pullout as a tactical blunder and their dovish counterparts see it as strictly tokenism.

THE SIZE OF THE FORCE to be withdrawn was too small for the move to be labeled a dramatic breakthrough aimed at a diminished American involvement.

Its limited scope also means it will not alter the present pace of fighting.

So the Vietnam situation remains relatively the same as it was before Mr. Nixon and President Nguyen Van Thieu got together at Midway.

The troop-withdrawal decision proves President Nixon still is proceeding cautiously on Vietnam to avoid backing himself into a corner where he might have to rescind peace moves and fall back on a military solution.

Therein lies the dilemma of Vietnam.

Since a military solution is not part of the American strategy in Vietnam, the emphasis has to be on peace through negotiation.

Yet the American negotiation supposedly is to take place from a position of strength achieved by U.S. troops.

In other words, according to U.S. policy, President Nixon wants a talked-out peace — not one won on the battlefield — but to pull out troops to show good faith about reducing the fighting level undermines the position-of-strength negotiating tactic.

The American Gulliver is tied down firmly in Vietnam by strong strands of official policy and additional ropes provided by tenacious Viet Cong fighting a "foreign invader."

IT IS AN OLD STORY to the Vietnamese and no amount of wishing in Washington is going to lower a curtain of peace on the battle-scarred land.

We would like to be more optimistic about the chances for peace in Vietnam but unless this first token withdrawl of American forces is followed up quickly by the pullout of a lot more men, the status of the war will remain the same.

VICTOR RIESEL

A Hard To Beat Combination

NEW YORK — Suave, six-foot-three, Ivy League John Vliet Lindsay is a theater buff. He loves stage people. In Congress, he fought for them. As mayor, when it's not campaign time, on any clear night you can see him midnighting wearily at Sardi's. He has song and dance routines which will pack them in any music hall if he loses Gotham's election this fall.

Victor Riesel

But all that's not what President Nixon meant when he introduced the New York mayor to some friends in the White House on the morning of Monday, May 26 by saying: "This is one of our bright young stars here."

The small gathering understood quite well that the President, speaking as Dick Nixon, leader of his party, was referring to the 47-year-old Mayor as the Republican Party's "star."

Mr. Nixon, who knows how grim and lonely it was out in the boondocks back there in 1965, is also aware of John Lindsay's impact on the threadbare Republican Party that year. The New York Liberal, obviously wihtout giving it much thought then, revitalized the Grand Old Party. Ask fromer GOP National Committee Chairman Ray Bliss. He may tell you of a talk with Sen. Thurston Morton that year — a dismal conversation during which they decided that they just never would find anyone to run for president in 1968.

THEN THE anti-Vietnam, anti-Barry Goldwater, anti almost everything Republican John Lindsay joined with the veterans of the Liberal Party and by a margin thinner than the ice on which he loves to skate, he took New York City. As Ray Bliss later reported to his colleagues, Republican precinct captains, district leaders, county, city and state chairmen came alive.

Basically, said Bliss, they could not care less how John Lindsay won. He had won — in plyglot New York, liberal New York, labor New York, racially intermingled New York, Democratic sidewalks of New York, New York, a pluralistic city of national and ethnic strains which have really not whipped up a Republican majority since the 1890s.

Republican district leaders rallied. Ray Bliss put his big cities program into ultra-high gear. In the end, it was that machine which took back enough votes in the megalopolises to guarantee victory for Dick Nixon when he came down to the big boss-run-city lines. It's all put down, statistic by statistic, in a big volume over at the GOP National Committee headquarters.

And now John V. Lindsay runs again, this time in the June 17 primary against a conservative dedicated Republican, State Sen. John Marchi.

Once more Mayor Lindsay has put together the same front — with variations on the theme. There is the Liberal Party. But, though not generally known, Mr. Lindsay today has some mighty militant union support. This comes from the 100,000-member District Council 37, America Federation of State, County and Municipal Employes, the prototype of the public sector's new aggressive unionism. They'll strike anything from a public aviary to a public welfare center. It is District Council 37, from which Jerry Wurf vaulted to the union's national presidency, which put public sector strikes in lights.

BUT TODAY THEY believe the mayor is American politics' finest gift to labor since the picket line.

Undoubtedly His Honor also will have the support of sailor Paul Hall, leader of the Seafarers' International Union, not exactly known for it proletarian pacifism.

Yet we find the entire Republica establishment publicly rooting for the dashing mayor. City Hall has its liaison with the White House. New York's Sens. Jack Javits and Charles Goodell virtually are assistant campaign managers. They got up the list of 24 Republican senators and 65 Republican representatives for public intervention in this local primary. There are solid reports that it was all cleared with the White House.

Among Mr. Lindsay's sponsors, there are some who hardly qualified as labor or liberal pinup boys. "Needle" would be the better word for an analysis of the liberal-labor establishment's relations with such Lindsay supporters (Ohio's) William Ayres and Robert Taft Jr., Gerald Ford (Michigan), or Hamilton Fish Jr. (New York).

JUST BEHIND THE scenes is Vice President Spiro Agnew, Tom Dewey and Herbert Brownell, who was Dwight Eisenhower's Attorney General. And the White House has been dispatching to John Lindsay's side such cabinet members as Messrs. Romney, Volpe and Hickel.

Why? Because this is more than a primary race. This is next year's race for senator, governor and the 1972 campaign for president. Not by John Lindsay. But by the Republican Party, which will need most positively this big state to win. Last year Gov. Rockefeller cost them the state, they believe. So they are surrounding him. They are throwing up their own phalanx. They know the metal of the opposition — for it is being wielded and welded by Ted Kennedy and the quietly dynamic brother-in-law, Steve Smith. They'll be a tough combination to beat in '70 and '72.

They'll be impossible to beat if the Republicans don't take New York City. This, the party professionals believe, only John Lindsay can do.

So this battle has become the most fantastic primary in history. It's quite a drama. The entire nation should have house seats. For the entire nation is involved.

Comforting The Reds

WASHINGTON — Never before in American history has a President of the United States been so palpably interfered with in his attempts to negotiate a peace agreement that would end a war. Members of the Senate are asserting that they have a right to dictate to the President how he shall conduct negotiations.

Sen. Mike Mansfield of Montana, Democratic leader, urged a moratorium on criticism at least during the period of the talks at Midway between President Nixon and President Thieu of South Vietnam. But this has had no effect on his Democratic colleagues.

Sen. Albert Gore, Democrat of Tennessee, for instance, declares that he doesn't think it is "wise for the president of the United States to journey thousands of miles to a point in the Pacific Ocean to meet a president of South Vietnam in order to determine policy or to coordinate strategy for either war or peace."

MR. GORE SAYS that such a meeting tends to "equate the two presidents."

Sen. J. William Fulbright, Democrat of Arkansas, chairman of the all important Senate Foreign Relations Committee, accuses Mr. Nixon of planning to control South Vietnam "by proxy" and tells the world that the crucial point in the Paris negotiations is whether the United States will insist on keeping the regime of President Thieu in power.

So in the middle of the parleys, while the president of the United States is trying to work out a peace plan with our ally, the head of the Senate Foreign Relations Committee says openly that he favors the "liquidation" of the South Vietnam government.

The Communists interpret such comments as meaning that the President does not have the support of a majority in Congress and that North Vietnam can insist on even stiffer terms because Mr. Nixon will not be able to maintain American forces in Vietnam much longer.

In fact, the Communists are expecting a "phased withdrawal" in the next few months, and they regard this as a sign of victory.

Meantime, Secretary of State William P. Rogers told a news conference the United States in not planning to set up any particular regime in Saigon. He said that America merely wants to insure that candidates of all parties are given a fair deal in the balloting and that the presence of some Communists in a new government would be acceptable.

He declared that the United States firmly supports the South Vietnamese president in the latter's opposition to Communists proposals for a "coalition" government to be set up prior to elections.

President Nixon, in his speech at the Air Force Academy last week, reflected the paradox which exists today. He said:

"On the fighting front, you are asked to be ready to make unlimited sacrifice to fight a limited war. On the home front, you are under attack from those who question the need for a strong national defense and indeed see a danger in the power of the defenders.

"You are entering the military service of your country when the nation's potential adversaries abroad were never stronger and your critics at home were never more numerous."

The Paris negotiations are, of course, affected by the speeches being made in the United States.

Ambassador Henry Cabot Lodge has announced that there is no "rigid formula" for the withdrawal of North Vietnamese forces from South Vietnam but that the United States is interested in "results."

COINCIDENTALLY, the Communists have stepped up their assaults and more American lives are being lost day after day. The cry in Congress for the equivalent of a "peace at any price" plan encourages the enemy.

It's an unprecedented situation and is due largely to the fact that the American people are unaware of the risks and dangers involved in yielding to the Communists in Southeast Asia.

Preventing Air Pollution

Pollution of the air in the tri-state district is not an exclusive franchise of heavy industry and electric utilities.

Small business operations and neighborhood trash fires can be just offensive as steel mill dust and fly ash from the stack of a power plant.

Fumes from buses on St. Clair Ave. are a major irritation for residents along the street and motorists in the trail of the antiquated vehicles.

Chester Council and the East Liverpool Planning Commission in separate meetings Monday discussed complaints about pollution—in Chester, smoke from a demolition business, in East Liverpool, smoke from a junk yard.

In both instances, the firms are authorized to burn within certain limitations.

However, when these operations become detrimental to the living conditions of the district and a hazard to the health of nearby residents, the practice must be halted.

Air pollution has become a massive problem in America, one which federal and state authorities are seeking to solve. The time has arrived for local authorities to study closely the effects of pollution in our own communities, and to establish rigid regulations to protect the environment of our citizens from odious and harmful discharges along our streets and roads.

Namath's Opinion

The New York Jets' flashy quarterback Joe Namath has said he will retire from professional football rather than sell his interest in a New York nightclub frequented by alleged undesirables, including gamblers.

He defends his action and explains it with the simple statement: "It's a matter of principle."

Basically he is saying that nobody is going to tell him what he can and cannot do.

THE STAR QUARTERBACK'S attitude in this instance is all too typical of many members of his generation.

It is a purely self-centered view and fails to recognize that by participation in a world-observed sport such as professional football he automatically must surrender some of his personal freedom in the interest of the sport and its reputation and ability to influence the lives of others.

Football Commissioner Pete Rozelle, of necessity, must look at the broad view of the Namath case.

Although Namath's personal conduct in the situation has not been questioned, it is easy for most people to see the great potential damage to professional football which could come from public suspicion regarding the close relationship between a football star and the gambling community.

The adage that no man is an island unto himself applies here and Mr. Namath should realize it.

IT IS SAID that he is a man who develops intense loyalty for his friends. Surely then he must have greater loyalty for the large number of professional football players he plays with and against than for a few New York gamblers who patronize this nightclub.

Joe Namath has said he will quit football. A great many Americans hope he will change his mind.

We have confidence he will be back in uniform and playing in his colorful style for the Jets again come fall.

A Look At Apollo Time Table

Smashing success or dismal disaster for the Apollo program may hang on Thursday's decision about when to attempt the moon landing.

Lt. Gen. Samuel C. Phillips, Apollo program director, will meet with space officials Thursday and then decide if the moon landing will be attempted in July or put off another month.

He must determine if everything is ready for the Apollo 11 mission or if technical problems or the need for additional training time warrant a delay.

The director has expressed confidence that the lunar landing will take place July 20 as scheduled but he has not ruled out a postponement.

Apollo 11 presently is set for launch July 16 with the landing try coming four days later. A delay would have to be at least a month in length so lighting conditions would return to a suitable level.

Apollo 10 astronauts, Col. Thomas P. Stafford and Cmdrs. John W. Young and Eugene A. Cernan have indicated in an interview that more training time for the Apollo 11 crew might be advisable.

Space travel is risky at best and all reasonable precautions must be taken to protect astronauts and the future of the space progrm.

If another month would provide a greater margin of safety for the crew or lengthen overall chances for success, then by all means a postponement is in order.

The world has gotten along without a moon landing for quite a few years, so another month won't make that much difference.

New Use For Old Missiles

Cityofficials looking for street culverts of excellent quality at a good price can follow the example set by the community of Cotts Valley, Calif.

The town has purchased 3,678 obsolete Corporal missiles — minus secret parts — from the Federal War Surplus Center at a cost of $95 each.

THE ARMY'S 35-foot missiles cost about $1 million each when they were constructed back in 1951.

The incident scores a point in behalf of disarmament talks.

True, some will say it is better to have built the missiles at a tremendous cost and let them be used for street culverts than to have to run the risk of an attack without them.

But that one-upmanship game with weapons can go a long way as the American taxpayer well knows.

The question put forth by disarmament proponents is: Why stop with missile construction if the goal is real and lasting peace?

People who are up to the ears with defense spending on soon-to-be-obsolete superweapons could accept the huge expenitures if disarmament talks were being promoted as strongly as is the need for additional military hardware.

Numerous factors are involved in the attitude of reluctance toward nuclear sanity through a reduction in arms, but two big ones are fear and mistrust.

National leaders and military advisers admit fearing that de-emphasizing the arsenal buildup would tip the balance of power in the world and bring on a war.

THE FEAR IS SHARED by both superpowers.

The sane approach then would be for the top powers to move with all possible speed to work out a plan to end the arms race.

Nuclear parity, at the most, should be only a temporary method of supporting peace while the national goal of disarmament is pursued intensely.

So long as nuclear parity or superiority is the national goal, disarmament will always take a back seat.

A Token Withdrawal

President Nixon has engineered the withdrawal of 25,000 U.S. troops as a symbol that America is interested in working out a settlement of the war, and thus spur the Paris talks to significant action.

Unfortunately, hawkish Americans see the pullout as a tactical blunder and their dovish counterparts see it as strictly tokenism.

THE SIZE OF THE FORCE to be withdrawn was too small for the move to be labeled a dramatic breakthrough aimed at a diminished American involvement.

Its limited scope also means it will not alter the present pace of fighting.

So the Vietnam situation remains relatively the same as it was before Mr. Nixon and President Nguyen Van Thieu got together at Midway.

The troop-withdrawal decision proves President Nixon still is proceeding cautiously on Vietnam to avoid backing himself into a corner where he might have to rescind peace moves and fall back on a military solution.

Therein lies the dilemma of Vietnam.

Since a military solution is not part of the American strategy in Vietnam, the emphasis has to be on peace through negotiation.

Yet the American negotiation supposedly is to take place from a position of strength achieved by U.S. troops.

In other words, according to U.S. policy, President Nixon wants a talked-out peace — not one won on the battlefield — but to pull out troops to show good faith about reducing the fighting level undermines the position-of-strength negotiating tactic.

The American Gulliver is tied down firmly in Vietnam by strong strands of official policy and additional ropes provided by tenacious Viet Cong fighting a "foreign invader."

IT IS AN OLD STORY to the Vietnamese and no amount of wishing in Washington is going to lower a curtain of peace on the battle-scarred land.

Presentation At Hookstown

Viet War Victim Honored

PLAQUE PRESENTED. Mrs. Edna Fay Garner is presented a handcarved plaque by Virgil Septer of South Carolina, a former Hookstown resident, in memory of her son who was killed in Vietnam. Left to right are Joseph Barile, commander of Hookstown American Legion Post 952; Septer; Mrs. Garner, and Bernard Little, second vice commander of Post 952. Septer also carved an emblem which hangs at the entrance of Wellsville Legion Post 70.

A handcarved plaque in memory of Army Cpl. William Lee McLaughlin, Hookstown area youth killed in Vietnam, was presented Sunday to his mother, Mrs. Edna Fay Garner of Washington St., Hookstown.

Virgil Septer of Vanburg, S. C., a former Hookstown resident, carved the plaque and prseented it to Mrs. Garner at a family gathering.

Cpl. McLaughlin, 20, was killed by enemy sniper fire while serving with the 9th Infantry in the Bien Hoa area Oct. 3, 1968. A 1966 graduate of South Side High School, he had received his training at Ft. Jackson, S. C., and Ft. Benning, Ga.

Septer's son, Stephen Septer, and Cpl. McLaughlin had been friends. Septer, a former Hookstown police officer and a member of the American Legion, is manager of a motel in South Carolina.

He has carved many wooden items over the years and has had displays at the Hookstown Fair and elsewhere.

At the family gathering were the dead soldier's sisters, Mrs. Patricia Goodlin of Hookstown and Mrs. Jean Moore of Weirton, and his brothers, Don McLaughlin and James McLaughlin.

In Midland System

Teachers Disappointed Over Starting Salaries

Midland teachers expressed disappointment in starting salaries in a letter submitted to the Midland board of education Tuesday night.

The letter, signed by Rey Peduzzi, vice president of the Midland Education Association, said the instructors were disappointed in the starting salary of $6,400. They said they believe it is not competitive with other schools in the district.

The board decided to keep the salary at $6,400. The original starting salary was set at $6,000, but was hiked recently.

A tax collector's report was not approved because the board decided it was not in order.

Nesbit Descutner of Midland was re-elected to a five - year term on the Carnegiie Library Board of Trustees.

The 1969-70 budget of $1,425,306 was accepted.

5 In W.Va. Mine Blast Suffer Burns

MULLENS, W. Va. (AP) — Coal miner Robert Thorn was sitting by a loading machine 4,500 feet underground when a sudden explosion shoved him to the ground.

"I don't know what caused it or where it came from," the 38-year-old resident from Matoaka was quoted as saying from his hospital bed here.

He said he and six others with him in that section of Eastern Associated Coal Co.'s Keystone No. 3-B mine at nearby Herndon "crawled out along the belt line until we reached safety."

Thorn and four others received burns of their hands and faces. All were reported in satisfactory condition in hospitals here and at Beckley and Princeton.

State mine inspector Charles Cook said a small pocket of highly explosive methane gas ignited about 5:25 p.m. Tuesday by the loading machine's head motor.

He said there was little danger of a recurring explosion. He said 25 men were underground at the time and all have been accounted for.

The other miners injured were Harlan Kees, 40, and Virlon Milan, 33, both of Crab Orchard, Thomas Gambrell, 46, of Glen White and Virgil Sergeant of Matoaka.

Gambrell was quoted by a doctor at Beckley Hospital as saying he and the others crawled about 200 feet before they reached safety.

State and company officials were investigating.

County Tax Seen Having '50% Chance'

COLUMBUS, Ohio (AP) — A county-based graduated income tax measure "has a 50 per cent chance at best" of passage, Ohio House Speaker Charles F. Kurfess says.

The Perrysburg Republican, meeting with newsmen following a GOP House caucus Tuesday, said reaction to the tax proposal in the caucus was "exceedingly mixed."

Kurfess admitted under questioning that "sure some members have come to me" asking that he not push the county income tax this session.

"It wouldn't have taken a caucus to know that some members have reservations about it," said Rep. E. W. Lampson, R-38 Jefferson, who sat in with Kurfess at the news conference.

The bill was drafted under the direction of Kurfess and introduced by Lampson, chairman of the Ways and Means subcommittee that finished its work on the bill Tuesday evening.

The subcommittee was to present the bill to full committee this morning so it can begin several weeks of hearings on it.

Kurfess said he does not consider the county income tax bill a Republican "policy" bill.

The Speaker announced he is having a bill prepared to make it easier for county commissioners to adopt one of five permissive taxes approved by the legislature last session.

He said Republicans have agreed to suspend the rules to permit introduction of the bill either this week or next week.

Under the bill commissioners could adopt a permissive tax as an emergency. It would continue in effect unless it was repealed by a vote of the people.

Kurfess said a county would keep all money collected up to the time such a tax was repealed.

Under the bill, commissioners would also be able to adopt a resolution to put the tax question on the ballot or could adopt a tax subject to a referendum.

At present, commissioners can only adopt a permissive tax subject to a referendum. If the tax is not challenged by voters within 60 days, it goes into effect.

Kurfess said the bill gives commissioners the same authority that city councils now have in adopting taxes.

He said the bill "was a response" to some complaints from county commissioners who say its too hard to enact the permissive taxes. The taxes are a $5 auto license fee, a one-half per cent sales tax, up to a 3 per cent real estate transfer tax, up to a 3 per cent hotel-motel tax or up to a 3 per cent utility tax.

When asked what would happen to a bill to prohibit offshore drilling for oil and gas that is now in the House Rules Committee, Kurfess replied:

"At this time we don't feel we should have a ban on offshore drilling."

Teachers Disappointed Over Starting Salaries

Midland teachers expressed disappointment in starting salaries in a letter submitted to the Midland board of education Tuesday night.

The letter, signed by Rey Peduzzi, vice president of the Midland Education Association, said the instructors were disappointed in the starting salary of $6,400. They said they believe it is not competitive with other schools in the district.

The board decided to keep the salary at $6,400. The original starting salary was set at $6,000, but was hiked recently.

A tax collector's report was not approved because the board decided it was not in order.

Great Plains Are Battered By Tornadoes

By The Associated Press

Tornadoes and violent thunderstorms battered the Great Plains Tuesday night and today, unleashing cloudburst rains and damaging wind and hail.

A tornado watch remained in effect through much of the night in portions of Texas, Oklahoma and Kansas. The region to the north, including additional areas of Kansas as well as parts of Nebraska and Iowa, was under a severe thunderstorm watch.

Police reported 100 homes were damaged in the West Texas city of Plainview by a tornado Tuesday night. The same storm smashed all the windows in a country club and in a shopping center.

No injuries were reported in the twister at Plainview or in one at Johnson's Lake, Neb., 85 miles west of Grand Island, where two cabins were destroyed. Other twisters were sighted near Bertrand, Neb., and Stratford, Tex.

Hail the size of golf balls, driven by winds up to 70 miles an hour, thrashed Hall Center, Tex., just south of Plainview. When the storm ended, hailstones were piled a foot deep in places.

Cloudburst rains of 3 inches or more swamped the eastern Oklahoma Panhandle and flooded portions of Oklahoma during the night. Two inches fell at Curtis, Neb., in only one hour which also featured a downpour of hail. Rains of an inch or more ranged northward into the Dakotas.

Great Plains Are Battered By Tornadoes

By The Associated Press

Tornadoes and violent thunderstorms battered the Great Plains Tuesday night and today, unleashing cloudburst rains and damaging wind and hail.

A tornado watch remained in effect through much of the night in portions of Texas, Oklahoma and Kansas. The region to the north, including additional areas of Kansas as well as parts of Nebraska and Iowa, was under a severe thunderstorm watch.

Police reported 100 homes were damaged in the West Texas city of Plainview by a tornado Tuesday night. The same storm smashed all the windows in a country club and in a shopping center.

No injuries were reported in the twister at Plainview or in one at Johnson's Lake, Neb., 85 miles west of Grand Island, where two cabins were destroyed. Other twisters were sighted near Bertrand, Neb., and Stratford, Tex.

Hail the size of golf balls, driven by winds up to 70 miles an hour, thrashed Hall Center, Tex., just south of Plainview. When the storm ended, hailstones were piled a foot deep in places.

Cloudburst rains of 3 inches or more swamped the eastern Oklahoma Panhandle and flooded portions of Oklahoma during the night. Two inches fell at Curtis, Neb., in only one hour which also featured a downpour of hail. Rains of an inch or more ranged northward into the Dakotas.

Never Held Or Sought Office

Columbus Office Worker Eyes GOP Governor Bid

COLUMBUS, Ohio (AP) — Edwin G. Lawton, who says he has "the guts to stand up to political hacks and offer people solutions," announced Tuesday he will seek the 1970 Republican nomination for governor.

Lawton, 50, a Columbus office worker who never has held or sought political office, said he has worked out "common sense" solutions to the problems of welfare, crime, education, vocational training and taxes.

"It is time for the party to embrace constructive programs which are low in cost but effectively workable," said Lawton, who describes himself as a "constructive Republican."

"The people have demonstrated their revolt against taxes, inflation and graft," he said. "They are disgusted with seeing the inner cities dying, with militant students who disrupt and destroy schools, with people getting welfare checks without working."

Lawton said he felt he was qualified to be governor because, 'I understand working people.' He said he has a well-rounded background in business and is acquainted with state government, having been associated with the Department of Highway Safety from 1963-65.

If elected, Lawton said, he would reduce the governor's salary from $50,000 a year to $10,000, "to show the people that there are government officials who will take a cut in pay."

He said the first thing he would do as governor would be to "put all able-bodied welfare recipients to work through a five-stage work program I have developed."

Lawton said he also would "streamline the functions of state government to eliminate waste and duplication, institute firm rules for state schools to provide for the dismissal of rebellious students or facutly members, and propose a new type of vacational - technical education program."

Lawton, who called himself a 'law and order candidate," said he believes the "rights of law-abiding citizens are more important than those of crooks and gangsters and demonstrators."

He said he has conducted a special study on crime and has devised a plan to eliminate organized crime in Ohio.

Lawton said he will hold a dinner-meeting June 20 at the University Inn in Columbus and at that time will distribute printed copies of his solutions to the state's problems.

Lawton is the second candidate to announce for the Republican gubernatorial nomination. Albert Sealy, a Dayton tax lawyer and former state legislator, earlier announced his candidicy.

Several other current state office holders also are expected to enter the race. Gov. James A. Rhodes is barred by law from seeking a third term.

Lawton said he has not sought the support of the Republican Party, but said he had been assured by the GOP headquarters here that the party would not endorse a candidate until after the primary.

The DOCTOR Says

Petit Mal Seizures Give No Warning

Q — What are petit mal seizures? How does Mellaril help?

A — The petit mal seizures of epilepsy come without warning. There is a sudden loss of consciousne ss that lasts t w o to 15 seconds, then the v i c t i m resumes whatever he was doing. He has no recollection of anything that happened during the brief spell. Mellaril is a tranquilizer. Other drugs that have a specific controlling action on epileptic seizures are usually given for this disease.

Dr. Brandstadt

Q — Are convulsions always a sign of epilespsy? How much help is a spinal tap?

A — Convulsions are a sign of irritation in some part of the brain. In addition to epilepsy, they may be associated w i t h birth injuries, meningitis, uremia, brain tumor, various poisonings, heatstroke, hysteria a n d, in small children, fever. Examination of the spinal fluid may be an aid in the differential diagnosis of the cause. B r a i n waves and skull X rays would also be helpful.

—:—

Q — What treatment should be given to a person during an epileptic seizure?

A — There is nothing to be done except to prevent the victim from falling if you are near enough and if he utters the typical warning cry and his eyes roll backwards. In a grand mal attack he should be prevented from biting his tongue by stuffing a clean cloth in his mouth, taking care not to let him bite your fingers.

Q — What is psychomotor epilepsy? What causes it?

A — In a psychomotor seizure, the victim goes through motions that appear to be purposeful but which are inappropriate to the situation. He may, for example, smack his lips even though he has not been eating. The cause is not known.

—:—

Q — I am 60. There has never been any epilepsy in our family but I've had a few blackout spells in which I fall down and get right up again. I never froth at the mouth. My doctor is giving me Dilantin and says I must take it the rest of my life. Is there any way to tell whether what I have is epilepsy?

A — A momentary blackout could be the result of narcolepsy (unrelated to epilepsy), heart disease or anemia. An encephalogram and other tests should help to clarify the diagnosis.

Pa. House 'Gets Tough' On Scholarships, Loans

HARRISBURG (AP) — The Pennsylvania House, led by a first - term female lawmaker, voted overwhelmingly Tuesday to deny state scholarships and loans to college students exspelled for participation in campus disorders.

The "get tough" provisions were contained in amendments inserted into legislation on the motion of Republican Rep. Patrica A. Crawford, a middleaged housewife from Devon in Chester County.

Mrs. Crawford offered the amendments in the face of opposition from the Democratic majority leadership, but most rank-and- file Democrats sided with her, as did all but one Republican.

The roll call vote on the scholarship amendment was 174-19. The loan amendment passed, 169-26. Rep. Frances Worley, R-Adams, was the only Republican to vote in the negative.

The amended legiislation was held over for reprinting and could be put to a final vote when the House returns Monday. Only the Senate was in session today.

In other legislative highlights Tuesday:

How Can I?

By ANNE ASHLEY

Q.—How can I facilitate the ironing of freshly-washed furniture slipcovers?

A.—By not ironing them at all. If you'll replace these slipcovers on your furniture while they're still faintly damp, no ironing will be necessary. Just smooth them to fit tightly, straightening out the pleats and ruffles.

4-Mill Levy Due Vote At Lisbon

LISBON — Renewal of a 4-mill operating levy will be submitted to Lisbon School District voters at the general election Nov. 4.

The board of education voted Tuesday night to ask for the renewal this year, although the levy does not expire until next year. It produces approximately $52,000 annually.

—:—

THE BOARD accepted two resignations and employed a teacher and bus driver.

Mrs. Cindy Chestnut resigned as teacher's aide at McKinley Elementary School and Keith Kampfer as full-time bus driver. He will serve as a substitute driver.

Leo Benedetti of Ada was employed to teach Latin and English at David Anderson High School and Ben Wells of Lisbon RD was hired to succeed Kampfer as a fulltime driver at $1,725 per year.

Benedetti is a graduate of Ohio Northern University at Ada and is taking graduate work there this summer. He has had three years teaching experience and will receive $6,325.

The board authorized Supt. Joe W. Driscoll to advertise for bread, milk and coal bids to be opened at the next meeting July 8;

Set the annual budget hearing for 7 p.m. July 8;

Signed a contract with Leetonia Typewriter Service for maintenance of the 31 manual typewriters for one year at $7.50 per machine, plus parts;

Invested $50,000 in U.S. treasury bills for a 90-day period;

Approved the administration's request that the administration building be painted olive green with white trim instead of gray and white as proposed last month;

Approved Supt. Driscoll's hiring of Joe Gouldsberry to repair and replace gutters on the high school roof, paint ventilators and repair flashing for $235 (a price for repairing the gym roof will be agreed upon later);

Adopted Ginn & Co. seventh-grade edition of Tiegs - Adams series of social studies, and approved payment of Title 1 federal funds to the following personnel who participated in the basic adult education program: Elaine Exten, teacher, $750; Dorothy Foster, secretary, $200; Raeanna Hobart, teacher's aide, $265; John Piper, custodian, $100; Virginia Kessler, nurse, $133, and Gary Pike, counselor, $100.

Seventeen persons were enrolled in the twice-a-week night classes last school year at McKinley School. Three achieved the equivalent of an eighth - grade education and several others learned to read and write.

The board has applied for federal funds to continue the course in 1969-70. The classes are free and are open to anyone in the district.

—:—

DRISCOLL showed board members samples of throwaway styrofoam trays and containers for possible use in providing a food service at the high school, which has no cafeteria.

The trays would be filled with hot food at the McKinley or Lincoln School cafeterias, packed and transported in insulated chests and served hot at the high school. Driscoll said the cost of the tray and throwaway plastic utensils would be 5 cents a meal. He said he does not believe the plan would be practical unless at least 200 students used the service.

The past year, 40 to 50 high school students went to Lincoln cafeteria for their noon meal and about 30 used a hot sandwich service at the high schools. The others brought lunches or went down town at noon.

Board members asked Driscoll to check further with schools using the styrofoam trays and chests.

Mrs. Mary Lawton, retiring president, welcomed the guests from Salem, Alliance, Wellsville, Hanoverton and Fredericktown. Miss Mildred Rose accompanied group singing.

Mrs. Channels introduced the guest speaker, Mrs. Robert Morris, who spoke on "Why open your home to an exchange student?" Mrs. Morris has had several African students reside at her home.

Reports were heard on the "penalty calendar" project, with proceeds of more than $100, and the roving bake sale.

Mrs. Hilditch presented the past president's pin to Mrs. Lawton.

Refreshments were served 85 by the Leona Holroyd Circle under the supervision of Mrs. Charles Sayre. The buffet table was covered with a lace cloth and centered with a blue and yellow floral arrangement flanked by green tapers in silver candelabra. Mrs. Lawton poured at the silver service.

Ohio House Vote Slated On Sunday Liquor Sales

COLUMBUS, Ohio (AP) — To drink on Sunday or not to drink on Sunday.

This was the question before the Ohio House today. The answer could go either way depending upon the votes of a handful of undecided legislators.

House Speaker Charles F. Kurfess, R-4 Perrysburg, said there would be 30 to 35 GOP votes in favor of a bill to permit Sunday liquor sales, while House minority leader John C. McDonald, D-19 Newark, said there would be 18 to 24 Democratic votes.

Fifty votes are needed for passage.

The bill authorizes Sunday sales between 1 p. m. and midnight by local option. It would not make liquor available on Sunday in "dry" areas.

Voters could approve Sunday sales by all present permit holders or limit it to premises where the sale of food and other services exceeds 50 per cent of total gross receipts.

In floor action Tuesday, the Senate adopted 31-0 and sent to the House a bill to require all children starting school this fall to be immunized against German measles.

The bill's main sponsor, Sen. Clara E. Weisenbron, R-5 Dayton, said that after years of testing, the federal government on Monday finally licensed the first vaccine for German measles.

The bill permits children bringing written objections from home to be exempt from immunization.

The Senate adopted and sent to the House two companion bills to allow cities to raise money for capital improvements. Both were sponsored by Sen. Michael J. Maloney, R-7 Cincinnati.

The first bill, adopted 28-2, would raise the limitation on net indebtedness of a municipal corporation from eight per cent to 10 per cent of is total value of property.

The second bill, adopted 30-0, would allow cities to issue general obligation bonds for recreational facilities for up to 35 years. Present maturity limitations range from 10 to 30 years.

The bonds could be issued under certain conditions even if a city has incurred its maximum indebtedness.

The Senate also passed 30-0 a House bill to eliminate multiple actions to collect non-support payments from deserting fathers. Since the Senate adopted a minor amendment it now goes back to the House.

Senate Finance Committee Chairman Robert R. Shaw R-16 Columbus, introduced a bill to double the liquor gallonage tax from $1 to $2 and another to increase the tax on the sale or distribution of wine.

Sen. Tennyson Guyer, R - 2 Findlay, introduced a bill to regulate insurance rates and prohibit price fixing on such rates.

In the House, a bill to increase the cost of special license plates was adopted 63-29. It now goes to the Senate.

Other bills passed in the House would:

—Permit county commissioners to purchase medical insurance for employes.

—Exempt disabled persons from requirements of obtaining a doctor's certificate for an absentee ballot.

State To Assume Post Office Deed As Museum Site

The City of East Liverpool has withdrawn its application and will permit the Ohio Department of Public Works to assume ownership of the old post office building as a site for an Ohio Pottery Museum, Mayor George E. Willshaw said today.

Notice of the city's withdrawal was sent in a letter from the mayor to the U. S. General Services Administration office in Chicago, which has the responsibility of disposing of the building as surplus real estate. The GSA asked the city and the state earlier this week to decide which would take ownership of the building, as both had filed application.

The Ohio Historical Society advised the mayor yesterday it expects to obtain $250,000 from the General Assembly to acquire the building, renovate it and acquire exhibits. The mayor said he withdrew the city application after consulting with state officials and the Ohio and East Liverpool Historical Societies.

The local historical society also has consented to loan its ware exhibits for use in the new state museum, the mayor said.

East Liverpool Area Chamber of Commerce.

Remarks will be given by Thomas Major, director of planning and programming at the highway department's central office in Columbus, and Levi (Jack) Kimble, head of the department's Division 11 office in New Philadelphia. Other highway department representatives and city and county officials are scheduled to attend, along with officers of the Lake Erie - Ohio River Highway Association.

Francis H. Lang, East Liverpool attorney, will preside. He is charter president of the Lake Erie Ohio River Highway Association and chairman of the highways committee of the Chamber.

Members of the Board of Directors of the Highway Association have been invited. They include E. R. Chandler of the Chamber of Commerce, Robert Morton of the Warren Auto Club, William Regner of Ashtabula, Walter G. Scott of Youngstown, Lang, Harold J. Mills of Warren, J. Paul Mossman of Youngstown, A. C. Patterson of Ashtabula, Arthur Cooksey of Youngstown, W. E. Johnson of Ashtabula and William Thorp of Niles.

Patterson is president of the association; Chandler, vice president; Morton, secretary, and Scott, treasurer.

The Geupel concern received the contract for the Freeway segment in December 1966.

Three area stretches of the roadway were built earlier. The first stretch is the so - called city Freeway, extending from W. 3rd and Monroe Sts. to the city limits. The second extends from the north city limits to Substation. The third is the segment from Substation to near Apples Corners.

The dedication actually will mean the public will be able to use four miles of the new highway. About a half - mile section of the stretch built earlier has not been in use.

The Highway Department announced at a meeting about two weeks ago that it expects to let the last construction contract for the roadway on Feb. 10, 1970. It will cover a 10-mile stretch costing $4 million from a point near Mecca in Trumbull County to Colebrook in Ashtabula County. It also is slated to open bids for additional segments on July 1 and Oct. 7, representing 22 additional miles of the Freeway.

Survivor

less organized and issued life vests and realized we weren't going to sink, some of us went below to get dressed. I got my wallet, someone else's pants and one of my shoes (size 7½) and someone else's shoe (at least size 11) and went back topside.

"By this time, the Melbourne had secured what we thought was the whole ship (we still had no idea we'd been cut in two and that the foreward section had disappeared) with lines and had lowered a landing net. We began climbing aboard the carrier, two men at a time.

"The Australians really took good care of us. They gave us dry clothes, cigarettes and food, asked us if we wanted to sleep, and even gave some of us beer. But at that time I couldn't have drunk any if I'd wanted to. One of them gave me a pair of tennis shoes to take the place of my mismatched pair."

—:—

SEAMAN Reed said he remained on the Melbourne from the time of the collision, approximately 2 a.m., until he and the rest of the survivors were transferred by small boats to the American Carrier Kearsarge, one of the 40 warships taking part in the SEATO maneuvers.

"It wasn't until we were on the Kearsarge that we were able to telegraph our parents that we were alive," he said.

"When I finally did find out about the forward section sinking, I couldn't believe it," he said. "Earlier in the evening I had been visiting some of my friends down there."

Reed, who joined the Navy Aug. 11, 1968, was on his first overseas tour of duty. He is now at home on 30-day leave.

His orders state that he is to report back to duty at Long Beach, Calif., but he doesn't know where the Navy will put him.

"If it is up to me," he said, "I'll take shore duty. I don't particularly care for sea duty, but if it's got to be, I'd as soon be stationed on another destroyer."

"The only souvenir of the Evans I have is a cigarette lighter with an engraving of the ship's emblem and picture," he said.

When asked if he planned to remain in th Navy, he quipped, "Definitely not, as soon as this hitch is up, that's it."

The accident was timed at 7:48.

Souder suffered a possible fractured skull, cuts of the forehead and bruises of the chest.

Youth

who interfered when some of the youths allegedly struck a woman teacher.

Maxwell was given the jail term and a $50 fine on the assault charge and a $25 fine on the intoxication charge.

Maxwell and several others allegedly invaded a dance sponsored by a youth organization in the former school building, which is being renovated for operation as a community center by the East End Community Civic Organization.

A second defendant did not appear for a hearing and the judge ordered a bench warrant issued for his arrest. He is Dennis A. Pridemore of 1812 Michigan Ave., also charged with assault on Boggess and intoxication. The court ordered forfeitures of Pridemore's appearance bonds totaling $207.50. When the defendant is arrested on the bench warrant he will be required to post a $500 bond or remain in jail, the court ordered.

Charges of assault and intoxication also have been filed against Danny Pridemore of 1812 Michigan Ave., but he apparently has not been served with the warrants. His case was not called today.

Patrolman Dwight Garvey and Joseph Bates arrested Maxwell and Dennis Pridemore on the intoxication charges at 11:47 p.m. May 31 in a playlot outside the school. Bates testified Maxwell was "very intoxicated." The assault charges were filed later by Boggess and Miss Susan Moore, another teacher.

The court heard a long parade of witnesses before pronouncing sentence. The judge heard testimony from Robert Staley, an officer of the civic association, who explained the group's purposes, its accomplishments and its plans for the future.

"What you did was despicable," the judge told Maxwell. "I cannot think of words strong enough. You're a pretty tough character when you've got a gang with you. You went to a dance drunk, a dance that was put on by people who spent their money and time to keep youngsters like you off the streets.

"I'm determined to break this up," the judge said. "The hard-working citizens of East End who are sponsoring this center are entitled to the fullest protection of the law. I hope this will serve as a warning to anyone else who tries to interfere with the work of this association."

Staley told the court when the civic association acquired the building "all the windows had been knocked out and the plumbing had been ripped out." He said Boggess and Dennis Anthony, another teacher, have "done 95 per cent of the work of restoring the building so far."

Henry Craig, 13, of Ohio Ave., who was attending the dance, testified that he saw "the two Pridemores on Mr. Boggess and Maxwell kicking him from behind." Glen Beaver, 16, of Harvey Ave. testified he saw "two guys on Mr. Boggess and Maxwell kicking him."

Boggess, Anthony and Mrs. Sue Anthony also testified. Maxwell, tesifying in his own defense, said he was "in the area of the fight" but did not strike anyone. He said he had consumed five cans of beer before entering the building.

Shafer Cites Welfare For Budget Hike

HARRISBURG (AP) — Welfare costs are going up and so is Gov. Shafer's $2.52 billion budget, already at record heights.

But he ordered stiffer eligibility requirements for future medical welfare payments.

The projection shows, Shafer said Tuesday, there will be nearly 144,000 more persons on relief in the next fiscal year than there were last July 1.

After explaining to newsman Tuesday that soaring welfare costs would require a deficiency appropriation of $7 million by June 23 for the waning days of this fiscal year, Shafer said he would have to tack an additional $35.7 million onto the 1969-70 fiscal budget.

Housing Action Aired In Meeting

Federal programs for updating housing were discussed during a meeting Monday night in the Community Resources Center in the former Garfield School, attracting a crowd of about 25.

Council President Norman Bucher and Councilman Frank Duffy represented the city government. The officials proposed to the groups that they make informal surveys of their neighborhoods to help determine the desires and needs of the residents. Another meeting will be scheduled on a date set by the resource center.

Pa. House Approves Driver Safety Credit

HARRISBURG (AP) — A controversial change in Pennsylvania's three-year-old driver point system won approval in the House Tuesday six weeks after going down to defeat.

The bill would allow motorists to accumulate safe driving credits which could be used to cancel out points assessed against their records in case of violations.

A driver could receive one credit for each year he drove without committing a violation. Supporters said the measure would encourage safe driving, but opponents argued otherwise.

State To Assume Post Office Deed As Museum Site

The City of East Liverpool has withdrawn its application and will permit the Ohio Department of Public Works to assume ownership of the old post office building as a site for an Ohio Pottery Museum, Mayor George E. Willshaw said today.

Notice of the city's withdrawal was sent in a letter from the mayor to the U. S. General Services Administration office in Chicago, which has the responsibility of disposing of the building as surplus real estate. The GSA asked the city and the state earlier this week to decide which would take ownership of the building, as both had filed application.

The Ohio Historical Society advised the mayor yesterday it expects to obtain $250,000 from the General Assembly to acquire the building, renovate it and acquire exhibits. The mayor said he withdrew the city application after consulting with state officials and the Ohio and East Liverpool Historical Societies.

The local historical society also has consented to loan its ware exhibits for use in the new state museum, the mayor said.

East Liverpool Area Chamber of Commerce.

Remarks will be given by Thomas Major, director of planning and programming at the highway department's central office in Columbus, and Levi (Jack) Kimble, head of the department's Division 11 office in New Philadelphia. Other highway department representatives and city and county officials are scheduled to attend, along with officers of the Lake Erie - Ohio River Highway Association.

Francis H. Lang, East Liverpool attorney, will preside. He is charter president of the Lake Erie Ohio River Highway Association and chairman of the highways committee of the Chamber.

Members of the Board of Directors of the Highway Association have been invited. They include E. R. Chandler of the Chamber of Commerce, Robert Morton of the Warren Auto Club, William Regner of Ashtabula, Walter G. Scott of Youngstown, Lang, Harold J. Mills of Warren, J. Paul Mossman of Youngstown, A. C. Patterson of Ashtabula, Arthur Cooksey of Youngstown, W. E. Johnson of Ashtabula and William Thorp of Niles.

Patterson is president of the association; Chandler, vice president; Morton, secretary, and Scott, treasurer.

The Geupel concern received the contract for the Freeway segment in December 1966.

Three area stretches of the roadway were built earlier. The first stretch is the so - called city Freeway, extending from W. 3rd and Monroe Sts. to the city limits. The second extends from the north city limits to Substation. The third is the segment from Substation to near Apples Corners.

The dedication actually will mean the public will be able to use four miles of the new highway. About a half - mile section of the stretch built earlier has not been in use.

The Highway Department announced at a meeting about two weeks ago that it expects to let the last construction contract for the roadway on Feb. 10, 1970. It will cover a 10-mile stretch costing $4 million from a point near Mecca in Trumbull County to Colebrook in Ashtabula County. It also is slated to open bids for additional segments on July 1 and Oct. 7, representing 22 additional miles of the Freeway.

less organized and issued life vests and realized we weren't going to sink, some of us went below to get dressed. I got my wallet, someone else's pants and one of my shoes (size 7½) and someone else's shoe (at least size 11) and went back topside.

"By this time, the Melbourne had secured what we thought was the whole ship (we still had no idea we'd been cut in two and that the foreward section had disappeared) with lines and had lowered a landing net. We began climbing aboard the carrier, two men at a time.

"The Australians really took good care of us. They gave us dry clothes, cigarettes and food, asked us if we wanted to sleep, and even gave some of us beer. But at that time I couldn't have drunk any if I'd wanted to. One of them gave me a pair of tennis shoes to take the place of my mismatched pair."

—:—

SEAMAN Reed said he remained on the Melbourne from the time of the collision, approximately 2 a.m., until he and the rest of the survivors were transferred by small boats to the American Carrier Kearsarge, one of the 40 warships taking part in the SEATO maneuvers.

"It wasn't until we were on the Kearsarge that we were able to telegraph our parents that we were alive," he said.

"When I finally did find out about the forward section sinking, I couldn't believe it," he said. "Earlier in the evening I had been visiting some of my friends down there."

Reed, who joined the Navy Aug. 11, 1968, was on his first overseas tour of duty. He is now at home on 30-day leave.

His orders state that he is to report back to duty at Long Beach, Calif., but he doesn't know where the Navy will put him.

"If it is up to me," he said, "I'll take shore duty. I don't particularly care for sea duty, but if it's got to be, I'd as soon be stationed on another destroyer."

"The only souvenir of the Evans I have is a cigarette lighter with an engraving of the ship's emblem and picture," he said.

When asked if he planned to remain in th Navy, he quipped, "Definitely not, as soon as this hitch is up, that's it."

Youth

who interfered when some of the youths allegedly struck a woman teacher.

Maxwell was given the jail term and a $50 fine on the assault charge and a $25 fine on the intoxication charge.

Maxwell and several others allegedly invaded a dance sponsored by a youth organization in the former school building, which is being renovated for operation as a community center by the East End Community Civic Organization.

A second defendant did not appear for a hearing and the judge ordered a bench warrant issued for his arrest. He is Dennis A. Pridemore of 1812 Michigan Ave., also charged with assault on Boggess and intoxication. The court ordered forfeitures of Pridemore's appearance bonds totaling $207.50. When the defendant is arrested on the bench warrant he will be required to post a $500 bond or remain in jail, the court ordered.

Charges of assault and intoxication also have been filed against Danny Pridemore of 1812 Michigan Ave., but he apparently has not been served with the warrants. His case was not called today.

Patrolman Dwight Garvey and Joseph Bates arrested Maxwell and Dennis Pridemore on the intoxication charges at 11:47 p.m. May 31 in a playlot outside the school. Bates testified Maxwell was "very intoxicated." The assault charges were filed later by Boggess and Miss Susan Moore, another teacher.

The court heard a long parade of witnesses before pronouncing sentence. The judge heard testimony from Robert Staley, an officer of the civic association, who explained the group's purposes, its accomplishments and its plans for the future.

"What you did was despicable," the judge told Maxwell. "I cannot think of words strong enough. You're a pretty tough character when you've got a gang with you. You went to a dance drunk, a dance that was put on by people who spent their money and time to keep youngsters like you off the streets.

"I'm determined to break this up," the judge said. "The hard-working citizens of East End who are sponsoring this center are entitled to the fullest protection of the law. I hope this will serve as a warning to anyone else who tries to interfere with the work of this association."

Staley told the court when the civic association acquired the building "all the windows had been knocked out and the plumbing had been ripped out." He said Boggess and Dennis Anthony, another teacher, have "done 95 per cent of the work of restoring the building so far."

Henry Craig, 13, of Ohio Ave., who was attending the dance, testified that he saw "the two Pridemores on Mr. Boggess and Maxwell kicking him from behind." Glen Beaver, 16, of Harvey Ave. testified he saw "two guys on Mr. Boggess and Maxwell kicking him."

Boggess, Anthony and Mrs. Sue Anthony also testified. Maxwell, tesifying in his own defense, said he was "in the area of the fight" but did not strike anyone. He said he had consumed five cans of beer before entering the building.

Shafer Cites Welfare For Budget Hike

HARRISBURG (AP) — Welfare costs are going up and so is Gov. Shafer's $2.52 billion budget, already at record heights.

But he ordered stiffer eligibility requirements for future medical welfare payments.

The projection shows, Shafer said Tuesday, there will be nearly 144,000 more persons on relief in the next fiscal year than there were last July 1.

After explaining to newsman Tuesday that soaring welfare costs would require a deficiency appropriation of $7 million by June 23 for the waning days of this fiscal year, Shafer said he would have to tack an additional $35.7 million onto the 1969-70 fiscal budget.

Housing Action Aired In Meeting

Pa. House Approves Driver Safety Credit

HARRISBURG (AP) — A controversial change in Pennsylvania's three-year-old driver point system won approval in the House Tuesday six weeks after going down to defeat.

The bill would allow motorists to accumulate safe driving credits which could be used to cancel out points assessed against their records in case of violations.

A driver could receive one credit for each year he drove without committing a violation. Supporters said the measure would encourage safe driving, but opponents argued otherwise.

Reminder Given In City Rules For Refuse Pickups

Several city officials joined today in a reminder that householders must comply with municipal rules on garbage and trash collections, particularly regulations on use of standard 20-gallon containers, kept clean and in good condition.

The joint warning was issued by Mayor George E. Willshaw, Safety-Service Director Robert E. Vodrey, Health Commissioner Jack Bonner and John Melvin, incinerator department superintendent.

They emphasized that regulations require that refuse cans be of galvanized metal of 20-gallon size, with tight - fitting lids. The containers must be kept clean, they said. The maximum weight of the full container must not exceed 60 pounds, they added.

No refuse will be taken if it is in improvised containers such as oil drums, paper sacks or cardboard boxes. Garbage and incombustible trash must be kept separate, the officials warned. Garbage is collected weekly while trash is picked up twice monthly. Cans containing animal manure will not be emptied, the officials said.

All garbage must be wrapped before it is placed in containers, the officials said.

Reminder Given In City Rules For Refuse Pickups

Several city officials joined today in a reminder that householders must comply with municipal rules on garbage and trash collections, particularly regulations on use of standard 20-gallon containers, kept clean and in good condition.

The joint warning was issued by Mayor George E. Willshaw, Safety-Service Director Robert E. Vodrey, Health Commissioner Jack Bonner and John Melvin, incinerator department superintendent.

They emphasized that regulations require that refuse cans be of galvanized metal of 20-gallon size, with tight - fitting lids. The containers must be kept clean, they said. The maximum weight of the full container must not exceed 60 pounds, they added.

No refuse will be taken if it is in improvised containers such as oil drums, paper sacks or cardboard boxes. Garbage and incombustible trash must be kept separate, the officials warned. Garbage is collected weekly while trash is picked up twice monthly. Cans containing animal manure will not be emptied, the officials said.

All garbage must be wrapped before it is placed in containers, the officials said.

Samuel E. Hayes, 41, of 935 Kent St., driver for the Wall-over Oil Co., was shaken and bruised in the mishap about a mile west of Route 172.

Skalican was taken to a Lisbon physician for treatment. He was charged with driving left of center.

Provisional Rule In South Vietnam

VC Move Appears Timed To Nip Nixon, Theiu Bid

PARIS (AP) — The Viet Cong's announcement that it has formed a provisional government for South Vietnam appears to have been timed to take the edge off the show of solidarity by President Nixon and South Vietnamese President Nguyen Van Thieu at their Midway Island meeting Sunday.

The Viet Cong Radio announced Tuesday night that a special congress of "resistance forces" at a weekend meeting set up a "revolutionary government to rule Vietnam."

The Saigon government called creation of the provisional regime a "trick tactic" in the Viet Cong's campaign for a coalition government to rule South Vietnam.

"We completely disregard that kind of a puppet government," an official spokesman in Saigon said.

He noted that Nixon and Thieu at Midway agreed to "reject any attempt to impose upon the Republic of Vietnam any system or program or any particular form of government, such as coalition, without regard to the will of the people of South Vietnam."

South Vietnamese Foreign Minister Tran Chanh Thanh described the move as "another deceitful tactic of the Communists which may cause detriment to the progress of the Paris peace talks."

"The move contained nothing new," he added. "Several different 'coalitions,' 'alliances' and 'fronts' were previously set up by the Communists at different periods for propaganda purposes. The so-called provisional government's program of action is but a mere repetition of the one advanced by Hanoi and its agents in the South.

"The new organization is run by the same persons, well-known as either members of the Communist party or closely associated with it."

Radio Hanoi announced that the two top positions in the "provisional revolutionary government of the Republic of South Vietnam" would be held by the two top officials of the Viet Cong's National Liberation Front.

Proclamation of the provisional government had been expected for months.

Mme. Nguyen Thi Binh, the NLF's deputy negotiator in Paris, was named foreign minister and head of the Paris team. The 41-year-old woman led the NLF delegation when it arrived in Paris but later was replaced by Tran Buu Kiem.

Informed sources said Kiem was being recalled to Vietnam to take an important post in the new government.

It was not known whether Mme. Binh would attempt to have the provisional government recognized at the conference table as a replacement for the NLF delegation. The United States and South Vietnam would be certain to refuse any such recognition, and this could develop into another long procedural wrangle on the order of the dispute over the shape of the conference table that delayed the conference for weeks.

HINTS FROM HELOISE

Yardstick For Hem Job

DEAR HELOISE: I sew quite a bit and here's my method of taking up hems.

I have one of those nice free yardsticks that the lumber yards give out, so I marked my skirt length (from waist to hem) and put a dot of nail polish at that point on the stick.

Heloise

When I want to shorten a skirt or dress, I just place it on my ironing board wrongside out, and using this yardstick, turn up the hem, pressing it as I go along. Then go around again and pin it.

Only takes a few minutes to turn up a hem this way.

MRS. J. L. H.

DEAR HELOISE: A cut-down cardtable is very handy for taking along on picnics.

I just cut the wooden legs off so they are only a few inches high. Then set it on the grass or wherever I am serving my picnic lunch.

It makes a nice flat surface, and bowls, jars, etc. won't tip over like they do on a tablecloth laid over the grass.

MRS. B. NANCY.

DEAR HELOISE: My contribution to easier housework is . . . a BIKINI!

I found a darling and reasonably priced one in a catalogue and ordered it, thereby avoiding the stares of a salesgirl. It has a lovely cover-all blouse top that I put on to answer the door and which I wear all the time at the beach, so it wasn't an extravagance.

Sure, after two babies I look like the devil in it. But doesn't every woman wish she could wear one — especially in hot weather?

So who sees you scrubbing a floor, running the vacuum or ironing? It's cooler and offers more freedom of movement.

Another thing. It's a wonderful incentive for pulling in those tummy muscles many times during the day!

A FAN.

DEAR HELOISE: When we have leftover roast and get tired of eating it, I just cut the lean up in small pieces, add a can of red beans, chili powder, salt to taste and a little water. Simmer a short time and place in freezer until needed.

Delicious!

SARAH NICOLL.

DEAR HELOISE: In making papier mache items I use liquid cooked starch instead of flour and water to dip the newspaper into.

This is a lot easier and goes faster too.

LOWELL VICK
AGE 11

DEAR HELOISE: We use so much ice this hot weather that I find pint-size cottage cheese cartons filled with water are the solution.

They don't take as long to freeze as the large containers and the ice fits very nicely in most any pitcher.

Also, with the lids on them, they can easily be stacked on top of each other in the freezer, thereby saving space.

This is especially handy for someone who has limited freezer space.

A READER.

DEAR HELOISE: For old eyebrow tweezers that don't work so well anymore, I take my stand-by, the emery board, and ruff up the inside gripper area of the tweezers. Sure helps.

Council Defeats Street Program At Cumberland

NEW CUMBERLAND — Third reading of an ordinance for the permanent improvement of Jefferson and Madison streets was defeated in Council Monday night due to a lack of motion.

Second reading of an ordinance creating a Park Board Commission was approved.

Artist's Sketch On TV Leads To Identity Of Slain Woman

ANN ARBOR, Mich. (AP) — Mrs. Joseph Kalom was watching television in Kalamazoo, Mich., when she saw an artist's sketch of a young woman whose mutilated body was found near this college town.

She recognized the likeness of her daughter Alice.

Tuesday night, the Kaloms drove a hundred miles to Ann Arbor and after viewing the body, confirmed that their 21-year-old daughter was the latest victim in a 22-month string of six murders of young women in the Ann Arbor area.

Miss Kalom, a recent graduate of the university of Michigan school of architecture and design who stayed on to take a few courses this summer, was last seen alive by her boy friend early Saturday morning.

Police believe she was killed some time Sunday night. Her body was found Monday on an abandoned farm.

She had been shot in the head and repeatedly stabbed, once in the heart.

"I raised a good girl," said Kalom, pharmacist, after identifying the body." I was afraid. I called her every time there was one of the murders. She said, 'I'm careful; I don't associate with strangers.' "

The murder chain began Aug. 7, 1967. The victims ranged in age from 13 to 23 years.

All the bodies have been found on the fringes of Ann Arbor and nearby Ypsilanti. All had been shot, strangled or stabbed. All but one were partially nude and had been sexually molested.

Authorities investigating the murders believe all six deaths were the work of a single assailant.

"There are similarities linking all the murders,"said Douglas Harvey, sheriff of Washtenaw County.

"It has got to be a real psycho who would shoot a girl, stab her several times and then stab her in the heart," the sheriff continued. "It's got to be a real sick man. It's somebody who knows the area. It has to be."

ASTROS INJURED. Jesus Alou (left) and Hector Torres of the Houston Astros sprawl on the ground after colliding in pursuit of a fly ball by Al Oliver of Pittsburgh. Denis Menke sprints after the ball, but Oliver circled the bases for a homer. Both injured players were hospitalized. (UPI Telephoto)

After Alou, Torres Collide

Bartirome Saves Life Of Astros' Jesus Alou

HOUSTON (AP) — Outfielder Jesus Alou and shortstop Hector Torres of the Houston Astros were in Methodist Hospital today with head injuries suffered as they collided while chasing a fly ball.

Alou suffered a severe concussion when the two ran together in the third inning of Tuesday night's game between the Astros and the Pittsburgh Pirates. Houston won 7-4.

A hospital spokesman said Alou was lapsing in and out of consciousness when he arrived.

Torres was not believed to be as seriously injured, although attendants said he suffered deep cuts above the nose and on the chin.

Quick first aid administered by Pittsburgh trainer Tony Bartirome may have saved Alou's life.

The Houston teammates collided chasing a fly off the bat of Pirates outfielder Al Oliver into shallow left field at the Astrodome.

Alou started in slowly and Torres hurried back. While the ball dropped just behind and to the side of them, their heads banged and they sprawled helplessly on the Astroturf.

The ball went for a three-run homer and gave the Pirates a temporary 4-0 lead.

Baritrome reached Alou first. Noticing that Alou had swallowed his tongue, Bartirome pulled it out, inserted aa rubber hose and inflated the hose.

This reopened Alou's throat and restored a normal air flow into the lungs.

"He looked like he was dead," Houston infielder Denis Menke said of Alou. "It was the hardest collision I've ever seen."

Pirates Get Joe Gibbon For Kline

HOUSTON (AP) — The Pittsburgh Pirates, hoping to bolster their sagging bullpen, have acquired veteran left handed pitcher Joe Gibbon from the San Francisco Giants for reliever Ron Kline.

Kline, 37, has posttd a 1-3 record with a 4.50 earned run average with the Pirates, but last year was 12-5 with a sparkling 1.67 era.

Gibbon, 34, is 1-3 this year in relief and has a 3.60 ERA.

The swap was announced Tuesday.

Kline broke into the majors with the Pirates in 1952 and since then has been with St. Louis, Los Angeles, Detroit, Washington and Minnesota before returning to Pittsburgh.

Gibbon also broke into the majors with the Pirates, in 1962.

Agee, Jones Homer; Cardwell Wins

By DICK COUCH
Associated Press Sports Writer

For the first time in their celebrated eight-year history, the New York Mets are truly Amazing . . . except to themselves.

Gil Hodges' grown-up expansion urchins, sparked by a repatriated pitcher and a rejuvenated slugger, socked the San Francisco Giants 9-4 Tuesday night for their 11th consecutive victory . . . longest winning streak in the majors this season.

Tommie Agee cracked four hits, including a pair of homers, and Don Cardwell hurled eight brilliant innings before tiring as the Mets shot six games over the once-elusive .500 mark and solidified their hold on second place in the National League East.

Agee, the fleet center fielder whose home run total slipped from 22 in 1966, when he was the American League's Rookie of the Year at Chicago, to 14 in 1967 with the White Sox and five last season with the Mtes, drove in three runs with his eighth and ninth homers and one of his two singles.

Cardwell, called off bullpen duty for his first start since May 15, checked the Giants on two hits until the ninth, when he needed relief help from Ron Taylor, and earned his first victory in more than a month.

New York remained seven games behind the front-running Chicago Cubs, who overtook Atlanta 3-1 behind Ken Holtzman's pitching and home runs by Willie Smith and Ron Santo. Los Angeles climbed within one game of the West Division leading Braves with a 2-1 nod over skidding Philadelphia; Houston downed Pittsburgh 7-4; St. Louis shaded Cincinnati 5-4 and Montreal topped San Diego 7-4 in other NL action.

"The old Mets are dead, baby!" Agee beamed after boosting his batting average 18 points to .278 with four hits in five trips to the plate against loser Mike McCormick and two successors. He has driven in 26 runs, nine more than his total for the 1968 season, when he batted just .217.

"Hodges has done a magnificent job with this club...better than anyone else," said Cardwell, 33-year-old dean of New York's fuzzy-checked pitching staff, who contributed three singles and a sacrifice fly to the Mets' 12-hit attack and brought his season pitching mark to 2-6.

"He's instilling pride and confidence in the players. We've got more incentive now and we are bearing down more."

The strapping right-hander, backed by Agee's slugging and a three-run homer by Cleon Jones, took a 9-1 lead into the ninth. Then, Willie McCovey blasted his 20th homer, stretching a hitting streak to 15 games, and Jack Hiatt poled a two-run homer. Taylor came on to get the last two outs and cement Cardwell's first triumph since May 6.

The Cubs trailed right-hander Ron Reed 1-0 in the eighth inning at Atlanta when Smith smacked a pinch hit homer and Santo unloaded his 10th circuit of the season after an error by Orlando Cepeda.

Holtzman, who has lost only once, became the majors' first 10-game winner with ninth inning help from Phil Regan as the Cubs nailed their eighth victory in the last nine games.

Ted Sizeomer lashed a bases-loaded single with two out in the ninth, carrying right-hander Don Sutton and the Dodgers past the Phillies, who have lost nine in a row.

Sutton, 9-4, scattered seven hits in a duel with Woddy Fryman.

Houston's victory over the Pirates was marred by a third inning collision between shortstop Hector Torres and left fielder Jesus Alou that sent both Astros to a hospital—Alou with a severe concussion and Torres with facial cuts and bruises.

Al Oliver's short fly ball to left went for an inside-the-park homer when Torres and Alou ran togetner. They were carried off the field on stretchers and rushed to the hospital.

Lou Brock launched a four-run St. Louis burst in the first inning with a leadoff homer and scored the deciding run on Vada Pinson's eighth inning double after singling off reliever Clay Carroll aand stealing his 26th base in 28th attempts.

Bob Gibson survived eight Cincinnati hits, including a homer by ex-teammate Bob Tolan, for his eighth victory in 11 decisions.

The Expos, who snapped a 20-game losing streak at Los Angeles Sunday, struck for three runs with two out in the ninth at San Diego. Don Bosch doubling home a pair to break a 4-4 tie and scoring on Maury Wills' single.

Mack Jones drove in three Montreal runs with a double and his 11th homer. Ed Spiezio slammed two homers and Nate Colbert one for the Padres.

Sports Whirled

By TURK PIERCE
Review Sports Editor

Numerous stories have been written concerning the danger of overexposure of sports on TV.

Television overexposure killed boxing, for all practical purposes and is decimating minor league baseball. The next sport to be hurt, say many critics, will be pro football.

What has people up in arms is the recently-signed contract to televise pro football games on Monday nights starting in 1970. This will cause schedule complications and reduce the number of good games available Sunday afternoons. Monday night games will not be as well attended in person, but this doesn't seem to bother the owners, who want TV money more than in-person fan money.

While Monday night TV may hurt pro football, as a fan I am in favor of it. Prime TV viewing time, in my case, is 6-9 p.m. Monday through Thursday. There always seems to be something better or more important to do on the weekend than watch TV, even in the wintertime. Unfortunately, the weekend is when most of the sports events, the only things on TV worthwhile watching, in my book, are aired. My only complaints about the Monday night games are that they won't start until 1970 and that they won't start earlier in the evening.

THREE FORMER Pirate pitchers were recalled from the minors to the majors last week. Dennis Ribant went up to the Cardinals, John Gelnar to the Pilots and Billy Short to the Reds. Former Indian infielder Billy Harris was promoted to the Royals. Bo Rein, former Ohio State grid star, was advanced from Waterbury, of the Eastern League to Portland in the Pacific Coast League in the Indian's Chain.

Elroy Face, at 2-1, is the only Expo pitcher with a winning record. Jim Shellenback, another former Pirate, dropped his first decision with the Senators.

A good reason for the recent Pirate slump can be found in the pitching averages, which show the Bucs 11th in the league with a 4.06 mark. Only Montreal is worse. At the plate, Pittsburgh is second only to Cincinnati.

After Alou, Torres Collide

Bartirome Saves Life Of Astros' Jesus Alou

HOUSTON (AP) — Outfielder Jesus Alou and shortstop Hector Torres of the Houston Astros were in Methodist Hospital today with head injuries suffered as they collided while chasing a fly ball.

Alou suffered a severe concussion when the two ran together in the third inning of Tuesday night's game between the Astros and the Pittsburgh Pirates. Houston won 7-4.

A hospital spokesman said Alou was lapsing in and out of consciousness when he arrived.

Torres was not believed to be as seriously injured, although attendants said he suffered deep cuts above the nose and on the chin.

Quick first aid administered by Pittsburgh trainer Tony Bartirome may have saved Alou's life.

The Houston teammates collided chasing a fly off the bat of Pirates outfielder Al Oliver into shallow left field at the Astrodome.

Alou started in slowly and Torres hurried back. While the ball dropped just behind and to the side of them, their heads banged and they sprawled helplessly on the Astroturf.

The ball went for a three-run homer and gave the Pirates a temporary 4-0 lead.

Baritrome reached Alou first. Noticing that Alou had swallowed his tongue, Bartirome pulled it out, inserted aa rubber hose and inflated the hose.

This reopened Alou's throat and restored a normal air flow into the lungs.

"He looked like he was dead," Houston infielder Denis Menke said of Alou. "It was the hardest collision I've ever seen."

Pirates Get Joe Gibbon For Kline

HOUSTON (AP) — The Pittsburgh Pirates, hoping to bolster their sagging bullpen, have acquired veteran left handed pitcher Joe Gibbon from the San Francisco Giants for reliever Ron Kline.

Kline, 37, has postid a 1-3 record with a 4.50 earned run average with the Pirates, but last year was 12-5 with a sparkling 1.67 era.

Gibbon, 34, is 1-3 this year in relief and has a 3.60 ERA.

The swap was announced Tuesday.

Kline broke into the majors with the Pirates in 1952 and since then has been with St. Louis, Los Angeles, Detroit, Washington and Minnesota before returning to Pittsburgh.

Gibbon also broke into the majors with the Pirates, in 1962.

Agee, Jones Homer; Cardwell Wins

By DICK COUCH
Associated Press Sports Writer

For the first time in their celebrated eight-year history, the New York Mets are truly Amazing . . . except to themselves.

Gil Hodges' grown-up expansion urchins, sparked by a repatriated pitcher and a rejuvenated slugger, socked the San Francisco Giants 9-4 Tuesday night for their 11th consecutive victory . . . longest winning streak in the majors this season.

Tommie Agee cracked four hits, including a pair of homers, and Don Cardwell hurled eight brilliant innings before tiring as the Mets shot six games over the once-elusive .500 mark and solidified their hold on second place in the National League East.

Agee, the fleet center fielder whose home run total slipped from 22 in 1966, when he was the American League's Rookie of the Year at Chicago, to 14 in 1967 with the White Sox and five last season with the Mtes, drove in three runs with his eighth and ninth homers and one of his two singles.

Cardwell, called off bullpen duty for his first start since May 15, checked the Giants on two hits until the ninth, when he needed relief help from Ron Taylor, and earned his first victory in more than a month.

New York remained seven games behind the front-running Chicago Cubs, who overtook Atlanta 3-1 behind Ken Holtzman's pitching and home runs by Willie Smith and Ron Santo. Los Angeles climbed within one game of the West Division leading Braves with a 2-1 nod over skidding Philadelphia; Houston downed Pittsburgh 7-4; St. Louis shaded Cincinnati 5-4 and Montreal topped San Diego 7-4 in other NL action.

"The old Mets are dead, baby!" Agee beamed after boosting his batting average 18 points to .278 with four hits in five trips to the plate against loser Mike McCormick and two successors. He has driven in 26 runs, nine more than his total for the 1968 season, when he batted just .217.

"Hodges has done a magnificent job with this club...better than anyone else," said Cardwell, 33-year-old dean of New York's fuzzy-checked pitching staff, who contributed three singles and a sacrifice fly to the Mets' 12-hit attack and brought his season pitching mark to 2-6.

"He's instilling pride and confidence in the players. We've got more incentive now and we are bearing down more."

The strapping right-hander, backed by Agee's slugging and a three-run homer by Cleon Jones, took a 9-1 lead into the ninth. Then, Willie McCovey blasted his 20th homer, stretching a hitting streak to 15 games, and Jack Hiatt poled a two-run homer. Taylor came on to get the last two outs and cement Cardwell's first triumph since May 6.

The Cubs trailed right-hander Ron Reed 1-0 in the eighth inning at Atlanta when Smith smacked a pinch hit homer and Santo unloaded his 10th circuit of the season after an error by Orlando Cepeda.

Holtzman, who has lost only once, became the majors' first 10-game winner with ninth inning help from Phil Regan as the Cubs nailed their eighth victory in the last nine games.

Ted Sizeomer lashed a bases-loaded single with two out in the ninth, carrying right-hander Don Sutton and the Dodgers past the Phillies, who have lost nine in a row.

Sutton, 9-4, scattered seven hits in a duel with Woddy Fryman.

Houston's victory over the Pirates was marred by a third inning collision between shortstop Hector Torres and left fielder Jesus Alou that sent both Astros to a hospital—Alou with a severe concussion and Torres with facial cuts and bruises.

Al Oliver's short fly ball to left went for an inside-the-park homer when Torres and Alou ran togetner. They were carried off the field on stretchers and rushed to the hospital.

Lou Brock launched a four-run St. Louis burst in the first inning with a leadoff homer and scored the deciding run on Vada Pinson's eighth inning double after singling off reliever Clay Carroll aand stealing his 26th base in 28th attempts.

Bob Gibson survived eight Cincinnati hits, including a homer by ex-teammate Bob Tolan, for his eighth victory in 11 decisions.

The Expos, who snapped a 20-game losing streak at Los Angeles Sunday, struck for three runs with two out in the ninth at San Diego, Don Bosch doubling home a pair to break a 4-4 tie and scoring on Maury Wills' single.

Mack Jones drove in three Montreal runs with a double and his 11th homer. Ed Spiezio slammed two homers and Nate Colbert one for the Padres.

Bob Deem drove in all the runs to give Lawyers a 3-2 win over Central Service in a Colt League game last night.

The winner scored in the fifth when Rick Lockhart singled and Deem doubled him home. Lawyers had gone ahead 2-0 when walks to Kip Glass and Lockhart and a single by Rick Sheppard loaded the bases and Deem singled for two runs. Sports Whirled

By TURK PIERCE
Review Sports Editor

Numerous stories have been written concerning the danger of overexposure of sports on TV.

Television overexposure killed boxing, for all practical purposes and is decimating minor league baseball. The next sport to be hurt, say many critics, will be pro football.

What has people up in arms is the recently-signed contract to televise pro football games on Monday nights starting in 1970. This will cause schedule complications and reduce the number of good games available Sunday afternoons. Monday night games will not be as well attended in person, but this doesn't seem to bother the owners, who want TV money more than in-person fan money.

While Monday night TV may hurt pro football, as a fan I am in favor of it. Prime TV viewing time, in my case, is 6-9 p.m. Monday through Thursday. There always seems to be something better or more important to do on the weekend than watch TV, even in the wintertime. Unfortunately, the weekend is when most of the sports events, the only things on TV worthwhile watching, in my book, are aired. My only complaints about the Monday night games are that they won't start until 1970 and that they won't start earlier in the evening.

THREE FORMER Pirate pitchers were recalled from the minors to the majors last week. Dennis Ribant went up to the Cardinals, John Gelnar to the Pilots and Billy Short to the Reds. Former Indian infielder Billy Harris was promoted to the Royals. Bo Rein, former Ohio State grid star, was advanced from Waterbury, of the Eastern League to Portland in the Pacific Coast League in the Indian's Chain.

Elroy Face, at 2-1, is the only Expo pitcher with a winning record. Jim Shellenback, another former Pirate, dropped his first decision with the Senators.

A good reason for the recent Pirate slump can be found in the pitching averages, which show the Bucs 11th in the league with a 4.06 mark. Only Montreal is worse. At the plate, Pittsburgh is second only to Cincinnati.

Powell, Robinson Lead Oriole Victory Surge

By MURRAY CHASS
Associated Press Sports Writer

Frank Robinson's two good eyes helped put the Baltimore Orioles on top of the American League's East Division, and Boog Poell's bad hip is helping keep them there.

Robinson, fully recovered from an eye injury he suffered two seasons ago, went on a record 10-homer spree in April that helped vault the Orioles into the East lead, and although he has slacked off somewhat recently, other Orioles, particularly Powell, have taken over.

Powell, on the other hand, hadn't been doing much until he hurt his hip a few weeks ago.

Since then he's been on a streak that continued Tuesday night when he drove in three runs with a homer in the Orioles' 11-4 victory over California.

In other American League games, Kansas City edged the New York Yankees 7-6, Oakland trimmed Washington 6-4, Detroit blanked Seattle 5-0, Minnesota defeated Boston 6-2 and the Chicago White Sox stopped Cleveland 9-5.

Powell's streak covers the last 26 games. In that stretch, he has driven in 32 runs and batted .327, hitting safely in all but one of the games. That's brought his over-all record to 47 runs batted in and a .302 average.

The big first baseman isn't certain why he's been hitting so well, but it could be more than mere coincidence that the streak started about the time he injured his left hip on a slide into second base.

"Lunging is a bad habit I get into once in a while," Powell says. "The bad hip kept me from lunging at the ball. As a result, I started using my hands and shoulders more. Until then, until I got hurt, I wasn't giving my hands a chance to work."

Adds Manager Earl Weaver, "The injury must have something to do with it."

Against the Angels, Powell had help from Paul Blair, who himself has a streak going. In the past four games, the center fielder has knocked in 10 runs. That includes the four he got Tuesday night with two doubles and a single.

The Yankees rallied to within one run of Kansas City in the ninth inning, but Dave Wickersham came in with two on and none out and retired the next three batters. Lou Piniella drove in four runs for Kansas City while Roy White did the same for New York.

Reggie Jackson led Oakland past Washington, driving in the tying run with a seventh-inning double and scoring on Danny Cater's two-out single. Frank Howard and Ken McMullen homered for Washington.

Minnesota erupted for five runs in the third inning against Boston with Harmon Killebrew tripling across two and scoring on Rich Reese's single. Carl Yastrzemski hit a two-run homer off Jim Kaat for Boston.

Earl Wilson and relievers John Hiller and Don McMahon combined to shut out Seattle. Norm Cash homered for Detroit and also doubled and scored a run. An error by the Pilots' Mike Hegan also led to two unearned Tiger runs.

Carlos May and Ed Herrmann unloaded on Cleveland, May driving in four runs with two doubles and a single and Herrmann rapping a two-run homer. May also threw out Cap Peterson at the plate, wiping out an Indian run.

Gregory Has One-Hitter In LL Play

Buddy Gregory, who pitched a perfect game his last time out, fired a one-hitter last night as Chester Legion downed the Medics 4-0 in a Little League game.

Gregory fanned 15 in his effort. Vince Pecora had a homer and triple and drove in three of the four runs. Bruce Staley got the only hit off Gregory. Staley was the losing pitcher and gave up only five hits.

Vernon Dell lost its first of the season, falling to Veteran Plate Glass 4-1. Dave Rinehart, who had earlier pitched two no-hitters, was the loser, despite 10 strikeouts. But winner Kenny Montgomery also fanned 10 and allowed only four hits. Rick Campbell was the hitting star with three hits and two RBIs. Steve Ward and John Davis each added two hits. Don Thompson tripled for Vernon Dell.

Travelers edged Golden Star 2-0 as Steve Baker was the winner. He also drove in both runs. Gary Marker and Fred Kinsey doubled for the losers.

Blair-Morse Whips Wm. Penn

ALLIANCE — Blair-Morse ran its Hot Stove League record to 8-1 with an easy 16-3 win over the William Penn AC at Mount Union field here last night.

Dave Taylor fired a two-hitter for the win. McKee took the loss.

John Haney led the attack with four hits, while Kim Kemple had a triple and single and Scott Dubberly two hits. Higgenbotham doubled for the losers. The game was called after six innings due to darkness.

Blair-Morse will entertain the Little Pirates of Pittsburgh at the Colt League Field Saturday in a double-header beginning at 1 p.m. Taylor, who played for the Steubenville American Legion team last year, and Jeff Hall, former Beaver Local ace now at Kent State, will hurl for the home team.

Powell, Robinson Lead Oriole Victory Surge

By MURRAY CHASS
Associated Press Sports Writer

Frank Robinson's two good eyes helped put the Baltimore Orioles on top of the American League's East Division, and Boog Poell's bad hip is helping keep them there.

Robinson, fully recovered from an eye injury he suffered two seasons ago, went on a record 10-homer spree in April that helped vault the Orioles into the East lead, and although he has slacked off somewhat recently, other Orioles, particularly Powell, have taken over.

Powell, on the other hand, hadn't been doing much until he hurt his hip a few weeks ago.

Since then he's been on a streak that continued Tuesday night when he drove in three runs with a homer in the Orioles' 11-4 victory over California.

In other American League games, Kansas City edged the New York Yankees 7-6, Oakland trimmed Washington 6-4, Detroit blanked Seattle 5-0, Minnesota defeated Boston 6-2 and the Chicago White Sox stopped Cleveland 9-5.

Powell's streak covers the last 26 games. In that stretch, he has driven in 32 runs and batted .327, hitting safely in all but one of the games. That's brought his over-all record to 47 runs batted in and a .302 average.

The big first baseman isn't certain why he's been hitting so well, but it could be more than mere coincidence that the streak started about the time he injured his left hip on a slide into second base.

"Lunging is a bad habit I get into once in a while," Powell says. "The bad hip kept me from lunging at the ball. As a result, I started using my hands and shoulders more. Until then, until I got hurt, I wasn't giving my hands a chance to work."

Adds Manager Earl Weaver, "The injury must have something to do with it."

Against the Angels, Powell had help from Paul Blair, who himself has a streak going. In the past four games, the center fielder has knocked in 10 runs. That includes the four he got Tuesday night with two doubles and a single.

The Yankees rallied to within one run of Kansas City in the ninth inning, but Dave Wickersham came in with two on and none out and retired the next three batters. Lou Piniella drove in four runs for Kansas City while Roy White did the same for New York.

Reggie Jackson led Oakland past Washington, driving in the tying run with a seventh-inning double and scoring on Danny Cater's two-out single. Frank Howard and Ken McMullen homered for Washington.

Minnesota erupted for five runs in the third inning against Boston with Harmon Killebrew tripling across two and scoring on Rich Reese's single. Carl Yastrzemski hit a two-run homer off Jim Kaat for Boston.

Earl Wilson and relievers John Hiller and Don McMahon combined to shut out Seattle. Norm Cash homered for Detroit and also doubled and scored a run. An error by the Pilots' Mike Hegan also led to two unearned Tiger runs.

Carlos May and Ed Herrmann unloaded on Cleveland, May driving in four runs with two doubles and a single and Herrmann rapping a two-run homer. May also threw out Cap Peterson at the plate, wiping out an Indian run.

Gregory Has One-Hitter In LL Play

Buddy Gregory, who pitched a perfect game his last time out, fired a one-hitter last night as Chester Legion downed the Medics 4-0 in a Little League game.

Gregory fanned 15 in his effort. Vince Pecora had a homer and triple and drove in three of the four runs. Bruce Staley got the only hit off Gregory. Staley was the losing pitcher and gave up only five hits.

Vernon Dell lost its first of the season, falling to Veteran Plate Glass 4-1. Dave Rinehart, who had earlier pitched two no-hitters, was the loser, despite 10 strikeouts. But winner Kenny Montgomery also fanned 10 and allowed only four hits. Rick Campbell was the hitting star with three hits and two RBIs. Steve Ward and John Davis each added two hits. Don Thompson tripled for Vernon Dell.

Travelers edged Golden Star 2-0 as Steve Baker was the winner. He also drove in both runs. Gary Marker and Fred Kinsey doubled for the losers.

Billy Casper Favored In U.S. Open Golf Play

By BOB GREEN
Associated Press Sports Writer

HOUSTON (AP) — Billy Casper loomed as the favorite in an elite field of the world's best shot makers seeking golf's most prestigious title in the United States Open, with laughing Lee Trevino and tough little Gary Player among the chief contenders.

"It's hard to pick a favorite," the 37-year-old Morman demurred. "The rough isn't that high, that tough here and that opens it up a lot. There's a lot of guys who could win it."

But his opponents in the 72-hole test that begins Thursday on the 6,967-yard, par 70 Cypress Creek layout at the Champions Golf Club look at it a little differently.

"Right now, he's the best there is," defending champion Trevino said after a practice round Tuesday. "Arnold Palmer is still the king of golf, but I don't care what anybody says. Casper is the best in the world."

Frank Beard concurred.

"He's playing just great right now," the steady man from Louisville said. "That last round he played in Chicago is probably the best round I've ever seen or heard of."

Casper, twice an Open winner, shot a four-under-par 67 in the rain, mud and muck of the Midlothian Country Club course Sunday and won the Western Open, his second victory of the year and 43rd of his career.

"I'm hitting my irons just great," the one-time fat man said. "And that's what it takes here. It's a long course and you have to hit a lot of long irons. The man who's straight off the tee and is hitting his irons will win it."

The course is relatively flat, laced by streams, sprinkled with lakes and studded with thousands of trees.

"You've got to hit it straight here," said Trevino, an obscure guy from a driving range in El Paso, Tex., who used the 1967 Open as a springboard to prominance and leaped into the game's front rank with his 1968 victory.

"It's not the course for a hooker," he said. "There's only two holes—the first and 10th—where you need to hook it, and the dogleg on each is so far out it doesn't matter.

"And did you notice? All the water is on the left. You need to fade it."

Player, winner of almost $80,000 in only 10 tournaments this year, is playing some of the best golf of his career. He won the Tournament of Champions and has been out of the top 10 only three times.

Among the other top contenders are Jack Nicklaus, Arnold Palmer, PGA champ Julius Boros, leading money winner Gene Littler, Masters champ George Archer and Beard.

Beard hasn't won in almost two years but is one of the top money winners and holds the best stroke average on the course, 69.56. The dynamic Palmer, the game's all-time leading money-winner who was forced to qualify for the Open for the first time in a decade, also plays this course very well.

Nicklaus, the big Golden Bear of gold, has been in a recent slump but always is a threat.

Cleveland Browns Sign Four Veterans

CLEVELAND, Ohio (AP) — The Cleveland Browns announced Tuesday the signing of four veteran players, including pass-catching star Gary Collins, to two-year contracts.

Others signed, all starters, are defensive tackle Jim Kanicki, defense back Ernie Kellermann, and Center Fred Hoaglin. Browns' officials said they now have over half of the club's 1968 players under contract.

Laughlin Has One-Hitter In Minor Play

Terry Laughlin fired a one-hitter as Potters Bank and Trust downed Pusateri's 7-3 in a Minor League game last night.

Payne took the loss. Cunningham got the lone hit for Pusateri's. Ruble led the Potters Bank attack with a triple and single and three RBIs. Patti had two doubles, Hastings a double and Laughlin two hits.

TS&T outslugged Potters Savings and Loan 19-10 despite being outhit 10-5. Bud Jividen was the winner, fanning 12. M. Tuna took the loss and Rocky Corbisello fanned 10 in relief. Jividen had a double for the winners, while K. Cunningham had three hits, J. Petkovich and Corbisello a double and single and S. Skidmore two hits for the losers.

Petrosol whipped Al Green's 22-6 as John Croxall got the win and John Olmstead the loss. K. Parsons had five hits, J. March and D. Jones a double and two singles each. Croxall three hits and J. Davis two hits for the winners. R. Kittridge and J. Hopper each had a double and single and M. White added two singles for the losers.

Granddad Hyndman Alive In British Amateur Golf

HOYLAKE, England (AP) — Bill Hyndman, 53-year-old former American Walker Cupper from Huntingdon Valley, Pa., said today:

"I think this golf business is the only sport where a grandfather like me has a chance of winning a major championship."

Hyndman moved into the second round of the British Amateur golf championship and many British observers think he has a good chance to win because of the sweet way he hits the ball.

He's one of 15 Americans remaining in the field over this 6,950-yards, par 36-36—72 links near the Irish Sea.

Hyndman has two sons—29-year old Buck and 24-year-old Tommy. He's also got a daughter, Faith, who is 25.

"Buck has got a two-year-old girl called Wendy," Hyndman said. "People tell me I've still a chance of getting back on the American Walker Cup team to play the British Isles in Milwaukee in August. That's the fascination of golf as far as I'm concerned. Even grandfathers can get on the team."

Dale Morey, a 50-year-old former American Walker Cupper from High Point, N.C., is another player trying to make the American Walker cup team by reaching the late stages of this championship first decided in 1885 over these same links.

The other end of the scale is 16-year-old Dale Hayes of South Africa, who is rated by Gary Player as one of the best prospects in the business at the moment.

Bob Coles of South Africa and John Beharell of England won his title at the age of 18.

So Hayes is shooting for a place in history as the youngest to ever win here.

World Series Starts Friday

Arizona St., Southern Ill. NCAA Diamond Choices

By LEW FERGUSON
Associated Press Sports Writer

OMAHA, Neb. (AP) — If professional baseball scouts have done their homework well, Arizona State and Southern Illinois University should be ranked as co-favorites in the 43rd College World Series opening Friday evening.

The Sun Devils, who take a 51-10 season record into the NCAA tournament, and the Salukis, 36-7, who finished second last year to national champion Southern California, both had six players drafted by the pros last Thursday and Friday in New York City.

Next came New York University with four players drafted by the major league teams, UCLA and the University of Massachusetts with three each, Texas and Mississippi with two apiece and Tulsa with none.

Southern Illinois is ranked No. 1 nationally going into the tourney by the weekly Collegiate Baseball, with Arizona State second. However, Texas was rated No. 1 most of the season and brings a 33-4 mark into the meet. Tulsa has the best record of all, 36-3, to rank as a strong darkhorse.

In the final poll, Texas is third, UCLA fourth, Mississippi fifth, Tulsa sixth, Massachusetts ninth and NYU 10th.

A total of 27 of the participants in the College World Series were drafted by the pros—out of 1,042 players selected in the regular and secondary phases of the annual free agent draft.

Hookstown also remained unbeaten and handed Lawrenceville its first loss, 8-3 at Hookstown.

Steve Potts was the winning pitcher and slugged a grand-slam in the first. Larry Anderon added a double and homer and Ed Shaffer also homered. Terry Simpson had two of the three Lawrenceville hits. Bruce Haun took the loss.

Waterford Daily Double Pays $438

Baristeps and Battered Mama got together for a $438.60 Daily Double payoff at Waterford Park last night.

Baristeps, under a hustling ride by young Jimmy Craycraft, paid $25.00 in winning the first race. Battered Mama, piloted by Ruben Arredondo, was worth $38.80 in the straight lines. The Daily Double was a 10-1.

Michael Guciardo made his debut as a trainer tonight and sent four horses postward.

At night's end, he had a pair of wins and a like number of thirds to his credit.

He saddled his first winner in the third when Bellore won easily over Governor John. The winner paid $17.00.

Guciardo's other winner was Royal Laddie, $8.00 in the seventh.

Youngest member of the Atlanta Braves is catcher Bob Didier of Baton Rouge, La. He was 20 last Feb. 16.

Cleon Jones of the New York Mets slugged .452 last season, 11th best figure in the National League.

Penguins Deal Angotti, Get 2 Blues

MONTREAL (AP) — The Pittsburgh Penguins of the National Hockey League, still without a coach after they fired George "Red" Sullivan at the end of the 1968-69 season, have made their first off-season trade.

They dealt veteran right winger Lou Angotti and a first round amateur draft choice in 1971 to the St. Louis Blues Tuesday for right wing Craig Cameron and center Ron Shock.

The Penguins also received the Blues' second round Amateur selection in 1971.

Angotti, 31, was picked up by the Penguins last season in a trade with the Philadelphia Flyers. He previously played with the New York Rangers and the Chicago Black Hawks.

Angotti scored 17 goals and had 20 assists in 71 games with Pittsburgh.

Cameron, 24, scored 11 goals and had fiive assists and Shock, 25, had 12 goals and 27 assists for the West Division champions.

Louisville shut out Toledo 4-0 behind John Thibdeau's four-hitter Tuesday night to up its International League lead over the second-place Mud Hens to a game and a half.

Two double plays by Louisville helped Thibdeau subdue Toledo as the lefty raised his season record to 7-2. Jack Mountain had two singles for the Colonels, who made the most of eight hits.

Rochester whipped Columbus 5-3 on a two - run 10th inning home run by Billy Scripture.

The clout came after Steve Hovley had hit a one-out double for his fourth hit of the night. Mickey McGuire also homered for the Red Wings.

U.S. Judges 'Off-Bench' Pay Curbed

WASHINGTON (AP) — The U.S. Judicial Conference has cracked down on the side jobs of federal judges—but not Supreme Court justices—by forbidding them to accept payment for off-bench activities.

However, the conference decided Tuesday, the judges can continue to accept expense money. And, if they get a green light from their fellow judges, they can take pay for services "in the public interest."

Chief Justice Earl Warren called the conference together following the resignation of Abe Fortas from the Supreme Court because of his relations with the Wolfson Family Foundation.

The conference was commonly expected to rein in the justices as well as the other federal judges. But officials told reporters after the 25-judge group broke up that it had no authority over justices.

Granddad Hyndman Alive In British Amateur Golf

HOYLAKE, England (AP) — Bill Hyndman, 53-year-old former American Walker Cupper from Huntingdon Valley, Pa., said today:

"I think this golf business is the only sport where a grandfather like me has a chance of winning a major championship."

Hyndman moved into the second round of the British Amateur golf championship and many British observers think he has a good chance to win because of the sweet way he hits the ball.

He's one of 15 Americans remaining in the field over this 6,950-yards, par 36-36—72 links near the Irish Sea.

Hyndman has two sons—29-year old Buck and 24-year-old Tommy. He's also got a daughter, Faith, who is 25.

"Buck has got a two-year-old girl called Wendy," Hyndman said. "People tell me I've still a chance of getting back on the American Walker Cup team to play the British Isles in Milwaukee in August. That's the fascination of golf as far as I'm concerned. Even grandfathers can get on the team."

Dale Morey, a 50-year-old former American Walker Cupper from High Point, N.C., is another player trying to make the American Walker cup team by reaching the late stages of this championship first decided in 1885 over these same links.

The other end of the scale is 16-year-old Dale Hayes of South Africa, who is rated by Gary Player as one of the best prospects in the business at the moment.

Bob Coles of South Africa and John Beharell of England won his title at the age of 18.

So Hayes is shooting for a place in history as the youngest to ever win here.

World Series Starts Friday

Arizona St., Southern Ill. NCAA Diamond Choices

By LEW FERGUSON
Associated Press Sports Writer

OMAHA, Neb. (AP) — If professional baseball scouts have done their homework well, Arizona State and Southern Illinois University should be ranked as co-favorites in the 43rd College World Series opening Friday evening.

The Sun Devils, who take a 51-10 season record into the NCAA tournament, and the Salukis, 36-7, who finished second last year to national champion Southern California, both had six players drafted by the pros last Thursday and Friday in New York City.

Next came New York University with four players drafted by the major league teams, UCLA and the University of Massachusetts with three each, Texas and Mississippi with two apiece and Tulsa with none.

Southern Illinois is ranked No. 1 nationally going into the tourney by the weekly Collegiate Baseball, with Arizona State second. However, Texas was rated No. 1 most of the season and brings a 33-4 mark into the meet. Tulsa has the best record of all, 36-3, to rank as a strong darkhorse.

In the final poll, Texas is third, UCLA fourth, Mississippi fifth, Tulsa sixth, Massachusetts ninth and NYU 10th.

A total of 27 of the participants in the College World Series were drafted by the pros—out of 1,042 players selected in the regular and secondary phases of the annual free agent draft.

Hookstown also remained unbeaten and handed Lawrenceville its first loss, 8-3 at Hookstown.

Steve Potts was the winning pitcher and slugged a grandslam in the first. Larry Anderon added a double and homer and Ed Shaffer also homered. Terry Simpson had two of the three Lawrenceville hits. Bruce Haun took the loss.

Under the new baseball setup the Montreal Expos won't visit San Diego for its first of two three-game series until June 10. Both are National League expansion teams.

Waterford Daily Double Pays $438

Baristeps and Battered Mama got together for a $438.60 Daily Double payoff at Waterford Park last night.

Baristeps, under a hustling ride by young Jimmy Craycraft, paid $25.00 in winning the first race. Battered Mama, piloted by Ruben Arredondo, was worth $38.80 in the straight lines. The Daily Double was a 10-1.

Michael Guciardo made his debut as a trainer tonight and sent four horses postward.

At night's end, he had a pair of wins and a like number of thirds to his credit.

He saddled his first winner in the third when Bellore won easily over Governor John. The winner paid $17.00.

Guciardo's other winner was Royal Laddie, $8.00 in the seventh.

Youngest member of the Atlanta Braves is catcher Bob Didier of Baton Rouge, La. He was 20 last Feb. 16.

Cleon Jones of the New York Mets slugged .452 last season, 11th best figure in the National League.

In 1968 the New York Yankees beat Joe Coleman of the Washington Senators five times for a perfect record against him. This spring Coleman beat the Yankees in the second game of the season.

Penguins Deal Angotti, Get 2 Blues

MONTREAL (AP) — The Pittsburgh Penguins of the National Hockey League, still without a coach after they fired George "Red" Sullivan at the end of the 1968-69 season, have made their first off-season trade.

They dealt veteran right winger Lou Angotti and a first round amateur draft choice in 1971 to the St. Louis Blues Tuesday for right wing Craig Cameron and center Ron Shock.

The Penguins also received the Blues' second round Amateur selection in 1971.

Angotti, 31, was picked up by the Penguins last season in a trade with the Philadelphia Flyers. He previously played with the New York Rangers and the Chicago Black Hawks.

Angotti scored 17 goals and had 20 assists in 71 games with Pittsburgh.

Cameron, 24, scored 11 goals and had fiive assists and Shock, 25, had 12 goals and 27 assists for the West Division champions.

U.S. Judges 'Off-Bench' Pay Curbed

WASHINGTON (AP) — The U.S. Judicial Conference has cracked down on the side jobs of federal judges—but not Supreme Court justices—by forbidding them to accept payment for off-bench activities.

However, the conference decided Tuesday, the judges can continue to accept expense money. And, if they get a green light from their fellow judges, they can take pay for services "in the public interest."

Chief Justice Earl Warren called the conference together following the resignation of Abe Fortas from the Supreme Court because of his relations with the Wolfson Family Foundation.

The conference was commonly expected to rein in the justices as well as the other federal judges. But officials told reporters after the 25-judge group broke up that it had no authority over justices.

Junior Editors Quiz on DOMINOES

QUESTION: *Where did the game of dominoes come from?*

* * *

ANSWER: The Chinese of early days apparantly had plenty of time for fun and games. Card games and dice were in use by 1000 A.D. These Chinese also played a game similar to dominoes, based on the dice. As our picture shows, dice and dominoes are related in appearance. But modern dominoes are said not to have originated from China. They are known to have appeared in Europe about 1750 and to have reached England in the late 1700's. To play, the dominoes are first mixed together face down, with each player drawing out the same number, generally seven. The player with the highest double lays his domino face up. The other players, in turn, lay down dominoes whose numbers match those which have been played, so the same numbers touch the other. As shown in diagram, a player could place a matching domino at (1), (2) (3) or (4). The player who first gets rid of all his dominoes wins. The name domino comes from the resemblance to a short black cape once used called a domino.

(John Shaffer of Clinton, O., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

ANN LANDERS

My Son, The 'Doctor'

By Ann Landers

Dear Ann Landers: — I don't want to make any trouble but I'd like to know if I have a justifiable complaint.

I went to the doctor last week for a flu shot. The nurse whom I'm accusomted to seeing in the office was home ill. The doctor introduced me to his 14-year-old son. He appeared to be a very pleasant lad.

"Tom is going to be a doctor," his father said with understandable pride. "He's learning to give shots."

Then the doctor handed the needle to the boy. I was so stunned I just sat there. The boy did indeed give me the shot.

Isn't there a law to protect patients from this sort of thing? My annual physical examination comes up next month but I'm afraid to go back. Please tell me if the doctor is conducting his practice within ethical limits. — APPLETON.

-:-

Dear Apple: Only trained persons should be permitted to give shots. If something had gone wrong, the doctor would have been liable for a beautiful malpractice suit. What he did was highly unethical and most injudicious.

Nose Business

Dear Ann: I'm a guy — 22, good build and what you might call an all-round athlete. Ever since I was a kid I've heard people say I'd be great looking if it weren't for my shnoz. I've been called Eagle-beak Durante, Da Nose and a few other names.

My big nose never bothered me and it still doesn't, but now I've got a girl who keeps bugging me about getting plastic surgery. She says I'd look like Kirk Douglas if I had a straight normal-size nose. Honest, Ann, it isn't my life's ambition, but secretly I guess I'd like it.

My one big hangup is the ribbing I'd get. The guys would lay it on me till doomsday. What do you think? — BORNEO.

-:-

Dear Born: If the only thing holding you back is the "guys" — go, boy, go. Of course you'd get a royal razzing but it would last for only a week or two, then they'd tire of the subject and talk about something else.

I sense you'd really enjoy a normal size nose, so my advice is go ahead and get one.

Bread Box Battle

Dear Ann: This morning I opened the breadbox and found half a pecan roll, an overripe banana, a sliver of cake, a plastic bag, two moldy oatmeal cookies and an empty saucer. No bread.

I'm a widow who shares an apartment with my mother (she's 63 and in good health.) I work and Mother stays home and keeps house, if you can call it that. I've told her repeatedly that sloppy housekeeping gets on my nerves. She says "Don't be such an old maid."

Last night we had a few words about the bread box. Mother accused me of being crazy-clean and obsessed with unimportant details. Am I? — TIDY IN MOBILE.

-:-

Dear Tidy: Mothers are awfully hard to train, especially when they're over 60. No two women keep house alike, and obviously your mother isn't much of a housekeeper. Accept the fact that Mom is not about to change. When you run into things like the bread box, clean it yourself and say nothing.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a self-addressed, stamped envelope.

Ohio Mayor Resigns, To Stay In Mexico

MOUNT VERNON, Ohio (AP) —Mayor Mark C. Kinney has resigned from the post after deciding to remain in Mexico City, where he has been vacationing since April 9.

Kinney advised city officials by letter Tuesday that the health of his wife, a native of Mexico City, requires that they remain in Mexico.

The president and general manager of the J. S. Ringwalt Co. department store here, Kinney has been mayor for 4½ years. His unexpired term, which extends until December 1971, will be completed by City Council President Robert W. White.

Reject School Merger

BELLEFONTAINE, Ohio (AP —Voters in the Logan Hills Local School District Tuesday rejected, 865-313, a proposal to unite the system with Bellefontaine City School District.

Jury Clears White Officer In Slaying Of Negro Youth

MASON Mich. (AP) — An all-white jury has found a suspended white policemen innocent of murdering a Negro youth during Detroit's 1967 racial riot. But he still faces a federal conspiracy charge in the Algiers Motel incident.

It took the jury of 11 women and one man less than three hours Tuesday to return the acquittal verdict after Circuit Judge William Beer limited them to two choices: a first-degree murder conviction or a not guilty finding.

Judge Beer gave no explanation of why he ruled out second-degree murder or manslaughter.

The defendant, Ronald August, 30, was on trial for the shotgun slaying of 19-year-old Aubrey Pollard, one of three Negro teen-agers killed July 26, 1967 at the Algiers Motel in Detroit's inner city.

"I'm going to pray," was August's only comment to newsmen who asked him what he planned to do next. He was escorted from the Ingham County Courthouse under heavy guard.

August admitted killing Pollard but said it was in self-defense in a struggle for the shotgun.

After the verdict was announced, the mother of the victim, Rebecca Pollard, said she thought it was a fair trial and the prosecutor did all he could "but the jury refused to believe the facts."

"All whites stick together," Mrs. Pollard added. "I didn't think they would find him guilty."

The verdict had repercussions in the state senate, where a Negro lawmaker introduced a resolution calling for an investigation of the conduct of the judge in restricting the jury to two possible verdicts.

"The inevitable result of the trial . . . has granted a license to kill to the Detroit Police Department and all law enforcement agencies so far as black men are concerned," said the resolution drafted by Sen. Basil Brown, an attorney.

Free Soul In Anxiety Age

By HAL BOYLE

NEW YORK (AP) — John Huston is a free soul in an age of anxiety.

In 63 years of living crammed with variety and excitement he has been a boxer, lieutenant with the Mexican cavalry, painter, folksinger, screen writer, actor and film director.

"I've never had any goal except the immediate one, whatever that might be," he remarked. "Now I just make pictures, ride horses, collect paintings and regrets, and have the best time I can.

"Most of my regrets, however, are of such a private nature that they would heardly bear either repetition or printing."

Huston, leathery - faced and lanky as a cowboy, has had a lark in helping spend more than $50 million of other people's money while making 29 films. They include such memorable ones as "The Maltese Falcon," "The Treasure of the Sierra Madre," "The African Queen," and "The Bible."

"I believe I'm the only one in film history who has directed himself, his father, and his daughter," he said.

His famous father, Walter Huston, appeared in "The Treasure of the Sierra Madre." His daughter, Anjelica, 18, stars in the soon to be released "A Walk with Love and Death," and John has gone before the camera in several of his films, including his latest, "The Kremlin Letter," a spy thriller.

Asked which member of his family was the best actor, John smiled and said:

"There's no question about that—it was Dad.

"The only time I act is when I can't get anyone else for the role. And as an actor I'm always in accord with the director —when I'm the director."

Between film chores Huston spends most of his time tallyhoing behind foxhounds on his 100-acre estate in Galway, Ireland.

"I'm also interested in the creation of an Irish film industry. They're just about to embark on it, and I'd like to direct some Irish films next."

Under questioning, John said these things:

"My greatest defect is misplaced faith in certain horses.

"I suppose my greatest virtue is that, in filming a scene, I refuse to compromise with anything but the best or, at least, the best as I see it.

"Life itself fascinates me, each moment as it comes along. I don't know that I have a philosophy, but I never do anything that doesn't entertain me. That way a man can't be bored.

"What defeats most men in life? Probably the fact that they make false gods for themselves and strive to attain things that don't have an enduring value for them.

"Fears, too, however legitimate, hurt both individuals and nations. Fear can cause them to do things that destroy them and keep them from doing the other things that are really important to their happiness or even survival."

Methodist Unit Asked For Fund To Aid Negroes

LAKESIDE, Ohio (AP)—The Ohio Conference of the United Methodist Church has been asked to provide $1.8 million over the next three years to support various social economic programs for the benefit of Negroes in the conference.

The request was made Tuesday in a manifesto presented to the annual conference session by Black Methodists for Church Reneal of the conference.

It was referred to a 14-member committee headed by the Dr. Edwin Dickey of Cincinnati to be studied and then brought before the conference delegates for action. A vote by the delegates is not expected before Thursday.

Delegates Tuesday approved by a vote of 1,198 to 15 a plan to merger with three former Evangelical United Brethern conferences in the Ohio West area. The effective date of the merger was set for June 10, 1970.

The single conference would be called the West Ohio Conference and be comprised of more than 1,500 local churches.

The merger plan was adopted May 20 by the Ohio Miami EUB conference. It will be voted on later this month by the EUB Ohio Southeast and Ohio Sandusky conferences.

Denmark sold the Virgin Islands to the United States in 1917 for $25 million.

On The TV Beat

By Cecil Smith

A Frost On The Hot Air

The plans for the new David Frost talk show call for columnist Jimmy Breslin to be its voice of America.

Cecil Smith

That is, if Breslin and his running mate, Norman Mailer, lost the election to the top posts in New York's city government. They're running on a platform to make New York City the 51st state, and the chances are Breslin will be available when the Frost show goes into production next month.

FROST made one of his usual leisurely trips into town the other day to talk about his new show. That is, he'd flown from London to Callas to discuss the show with some Texas TV people, hopped a plane to San Francisco to make a presentation there and had flown here for a very posh luncheon, the gravy from which he wore on his suit on the plane back to London.

The Frost show is a replacement for Merv Griffin, who is defecting from his lush syndication market to conduct a midnight ramble, a la Johnny Carson and Joey Bishop, for CBS next fall.

What with Dick Cavett currently chatting with celebrities three nights a week and former "Password" moderator Allen Ludden ready with a new daily 90-minute conversation piece, the one thing that is going to be in heavy supply on the cluttered air is talk. It's questionable whether or not the summer will provide more hot air outside or in.

DAVID FROST has spent so much time on American television in the last five years that he considers himself "the opposite of a stateless person, a citizen of both worlds." Nonetheless, he feels the Bronx accent of Breslin may be a necessary antidote for his clipped British speech.

"I'd like Breslin to come on about three times a week to make a report in his unique style on some conditions or foibles of America that as a Briton I would hesitate to probe into," said Frost.

"On the other hand, I think that I can talk about things in America that Americans take for granted that only a foreigner sees.

"Matches, for instance. Nowhere in the world but here are matches so available — on the restaurant table, in bars and counters. When you buy cigarettes abroad, no one gives you a pack of matches."

FROST is delighted to be doing his show in midtown New York — in the tiny Winthrop Ames or "little" Theater where the Griffin show was done "so many studios are so far out from the center of things, you feel remote."

He's made an intense study of American talk shows — "No couch," he said, "no lines of guests sitting like birds on a fence after you've done talking with them."

Also, he said, "I'd like a wider range of guests — and a wider range of subjects. I wonder if we are all that fascinated by the trivia of show business or whether it might be well to discuss something closer to the subject's heart."

THE BRITISH consider Frost an interviewer beyond peer. He calls himself a "drawer out of people." Things he's drawn out of subjects have made headlines in England, which is much more serious about its television than we are.

But how will a British "drawer outer" do in the great American midlands which delighted in Griffin's easy charm?

Book no bets against him. Such has been the whirlwind career of this parson's son, born the year World War II started, who jumped from apprentice trainee to become the most potent personality on British television almost overnight and who now requires six corporations to handle his various activities as performer, producer, columnist, author and head of the London Weekend TV consortium.

He's been called the most ambitious person on earth, which possibly is why he's adding a daily 90-minute American television show to his multiple activities.

When he turned 30 last April 7, a friend said in despair: "What on earth will David be doing at 40?" Frost answered himself: "I know — but I'm darned if I'LL TELL."

Donn Clendenon struck out 163 times with the Pittsburgh Pirates last season, a new National League record. He is on the Houston roster this spring.

Report Given To Quota Club

A report of the president's council was given by Mrs. Juanita Clendenning during the luncheon meeting of the Quota Club Tuesday afternoon at the Travelers Hotel.

In a resume of the District 6 event at New Philadelphia, Mrs. Clendenning reviewed several recommendations, which the club accepted. They include that the sponsoring of a candidate must be by her own club, an increase in ineternational apportionments and scheduling of fall conferences alphabetically.

Mrs. Lois McHenry, retiring treasurer, read the annual financial report. It will be submitted to Mrs. Evelyn Exley for audit.

Miss Selma Ladzinske read the letter relative to the possible moving of the Kent State University branch which was sent to state and local officials. A reply from Columbus was read by Mrs. Margaret Locke, recording secretary.

The next session will be June 24 with Mrs. Clendenning of Harding Ave.

School Levy Loses, Warning Is Sounded

CHILLICOTHE, Ohio (AP — Officials of the Zane - Trace school system in Ross County say Tuesday night's defeat of a 9-mill school levy may lead to a temporary shutdown of the school system this year.

The levy, which was defeated in November, was rejected by voters Tuesday night by a 631-626 margin. School officials ssay they expect "some teacher resignations" within the next few weeks.

Parma's School Levy Approved

CLEVELAND, Ohio (AP) — A 9.4-mill additional school levy was approved by voters of the Parma public school district in a special election Tuesday. Three other attempts to pass a money issue since last November had failed.

The final unofficial tabulation showed 22,585 for the levy and 15,542 against.

Voters defeated th 9.4-mill levy in the May primary and teachers, demanding pay increases, stayed away from classes for three days before the Board of Education obtained a court order ending the walkout.

In Geauga County, voters of the Kenston school district Tuesday approved a 20 - mill combined renewal and additional levy which also was defeated in the May primary. The vote was 1,181 to 1,055.

School officials in the Parma and Kenston districts had said that schools would be closed next fall if the levies failed again.

Probe By PSEA Due Aliquippa School Impasse

ALIQUIPPA, Pa. (AP) — The Pennsylvania State Education Association says it will send a fact-finding team to this Beaver County community Thursday to investigate an impasse with the Aliquippa School Board.

The probe is a preliminary to placing proposed sanctions on the district to advise potential teachers that it is considered an unsatisfactory place to work.

The board and the teachers have agreed on a salary package, but the board says it does not have the power to grant the increases unless amnesty from a state law prohibiting raises for striking public employes is granted by the legislature. The teachers have refused to return to work unless the board itself grants amnesty.

Manned Orbiting Lab Due For Civilian Development

WASHINGTON (AP) — Cancellation of the Air Force's $3 billion manned orbiting laboratory program leaves the nation's man-in-space field open for the civilian space agency's sole development.

The National Aeronautics and Space Administration for some time has been pushing its own plan for an "orbiting workshop" where scientists would conduct experiments in astronomy, medicine and other fields.

NASA sources acknowledge there has been some conflict because both the Air Force's MOL and the civilian orbiting workshop would be embryonic space stations, and an increasingly economy-minded Congress might balk at a seeming duplication.

The Pentagon action Tuesday in scrubbing the military program to save money has resolved the issue of overlap.

But whatever else the planned civilian space station can do, it will not be able to spy on the Soviet Union and Red China, as the military MOL reportedly would have done.

The civilian station will be in the wrong kind of orbit—an equatorial orbit which a NASA spokesman said would not be over any great land mass.

The Air Force space laboratory was supposed to have been launched into a polar orbit carrying it over the Soviet Union and Red China.

Althugh Pentagon authorities refused to discuss whether the MOL had a spy mission, NASA sources said "The military project would have conducted some kind of surveillance," probably photographic.

Announcing the MOL cancellation, Deputy Secretary of Defense David Packard indicated that unmanned satellites can do the job as well.

The NASA project contemplates three men staying for up to 56 days in an orbital workshop which one official said would have the internal space equivalent to a five-room house.

A NASA spokesman said the agency has the funds and approval to work toward a launching in late 1971 or early 1972. Five launches are planned.

The workshop would stay in orbit and relief crews would be shuttled to it at intervals.

Like the MOL, the civilian space workshop would have a "breathing atmosphere" and would be pressurized to permit working in a shirtsleeve environment.

Brooks Robinson of the Baltimore Orioles was the only American Leaguer to play in all of his team's games last season. He played 162.

A Frost On The Hot Air

The plans for the new David Frost talk show call for columnist Jimmy Breslin to be its voice of America.

Cecil Smith

That is, if Breslin and his running mate, Norman Mailer, lost the election to the top posts in New York's city government. They're running on a platform to make New York City the 51st state, and the chances are Breslin will be available when the Frost show goes into production next month.

FROST made one of his usual leisurely trips into town the other day to talk about his new show. That is, he'd flown from London to Callas to discuss the show with some Texas TV people, hopped a plane to San Francisco to make a presentation there and had flown here for a very posh luncheon, the gravy from which he wore on his suit on the plane back to London.

The Frost show is a replacement for Merv Griffin, who is defecting from his lush syndication market to conduct a midnight ramble, a la Johnny Carson and Joey Bishop, for CBS next fall.

What with Dick Cavett currently chatting with celebrities three nights a week and former "Password" moderator Allen Ludden ready with a new daily 90-minute conversation piece, the one thing that is going to be in heavy supply on the cluttered air is talk. It's questionable whether or not the summer will provide more hot air outside or in.

DAVID FROST has spent so much time on American television in the last five years that he considers himself "the opposite of a stateless person, a citizen of both worlds." Nonetheless, he feels the Bronx accent of Breslin may be a necessary antidote for his clipped British speech.

"I'd like Breslin to come on about three times a week to make a report in his unique style on some conditions or foibles of America that as a Briton I would hesitate to probe into," said Frost.

"On the other hand, I think that I can talk about things in America that Americans take for granted that only a foreigner sees.

"Matches, for instance. Nowhere in the world but here are matches so available — on the restaurant table, in bars and counters. When you buy cigarettes abroad, no one gives you a pack of matches."

FROST is delighted to be doing his show in midtown New York — in the tiny Winthrop Ames or "little" Theater where the Griffin show was done "so many studios are so far out from the center of things, you feel remote."

He's made an intense study of American talk shows — "No couch," he said, "no lines of guests sitting like birds on a fence after you've done talking with them."

Also, he said, "I'd like a wider range of guests — and a wider range of subjects. I wonder if we are all that fascinated by the trivia of show business or whether it might be well to discuss something closer to the subject's heart."

THE BRITISH consider Frost an interviewer beyond peer. He calls himself a "drawer out of people." Things he's drawn out of subjects have made headlines in England, which is much more serious about its television than we are.

But how will a British "drawer outer" do in the great American midlands which delighted in Griffin's easy charm?

Book no bets against him. Such has been the whirlwind career of this parson's son, born the year World War II started, who jumped from apprentice trainee to become the most potent personality on British television almost overnight and who now requires six corporations to handle his various activities as performer, producer, columnist, author and head of the London Weekend TV consortium.

He's been called the most ambitious person on earth, which possibly is why he's adding a daily 90-minute American television show to his multiple activities.

When he turned 30 last April 7, a friend said in despair: "What on earth will David be doing at 40?" Frost answered himself: "I know — but I'm darned if I'LL TELL."

Donn Clendenon struck out 163 times with the Pittsburgh Pirates last season, a new National League record. He is on the Houston roster this spring.

Report Given To Quota Club

A report of the president's council was given by Mrs. Juanita Clendenning during the luncheon meeting of the Quota Club Tuesday afternoon at the Travelers Hotel.

In a resume of the District 6 event at New Philadelphia, Mrs. Clendenning reviewed several recommendations, which the club accepted. They include that the sponsoring of a candidate must be by her own club, an increase in ineternational apportionments and scheduling of fall conferences alphabetically.

Mrs. Lois McHenry, retiring treasurer, read the annual financial report. It will be submitted to Mrs. Evelyn Exley for audit.

Miss Selma Ladzinske read the letter relative to the possible moving of the Kent State University branch which was sent to state and local officials. A reply from Columbus was read by Mrs. Margaret Locke, recording secretary.

The next session will be June 24 with Mrs. Clendenning of Harding Ave.

School Levy Loses, Warning Is Sounded

CHILLICOTHE, Ohio (AP — Officials of the Zane - Trace school system in Ross County say Tuesday night's defeat of a 9-mill school levy may lead to a temporary shutdown of the school system this year.

The levy, which was defeated in November, was rejected by voters Tuesday night by a 631-626 margin. School officials ssay they expect "some teacher resignations" within the next few weeks.

Parma's School Levy Approved

CLEVELAND, Ohio (AP) — A 9.4-mill additional school levy was approved by voters of the Parma public school district in a special election Tuesday. Three other attempts to pass a money issue since last November had failed.

The final unofficial tabulation showed 22,585 for the levy and 15,542 against.

Voters defeated th 9.4-mill levy in the May primary and teachers, demanding pay increases, stayed away from classes for three days before the Board of Education obtained a court order ending the walkout.

In Geauga County, voters of the Kenston school district Tuesday approved a 20 - mill combined renewal and additional levy which also was defeated in the May primary. The vote was 1,181 to 1,055.

School officials in the Parma and Kenston districts had said that schools would be closed next fall if the levies failed again.

Probe By PSEA Due Aliquippa School Impasse

ALIQUIPPA, Pa. (AP) — The Pennsylvania State Education Association says it will send a fact-finding team to this Beaver County community Thursday to investigate an impasse with the Aliquippa School Board.

The probe is a preliminary to placing proposed sanctions on the district to advise potential teachers that it is considered an unsatisfactory place to work.

The board and the teachers have agreed on a salary package, but the board says it does not have the power to grant the increases unless amnesty from a state law prohibiting raises for striking public employes is granted by the legislature. The teachers have refused to return to work unless the board itself grants amnesty.

Manned Orbiting Lab Due For Civilian Development

WASHINGTON (AP) — Cancellation of the Air Force's $3 billion manned orbiting laboratory program leaves the nation's man-in-space field open for the civilian space agency's sole development.

The National Aeronautics and Space Administration for some time has been pushing its own plan for an "orbiting workshop" where scientists would conduct experiments in astronomy, medicine and other fields.

NASA sources acknowledge there has been some conflict because both the Air Force's MOL and the civilian orbiting workshop would be embryonic space stations, and an increasingly economy-minded Congress might balk at a seeming duplication.

The Pentagon action Tuesday in scrubbing the military program to save money has resolved the issue of overlap.

But whatever else the planned civilian space station can do, it will not be able to spy on the Soviet Union and Red China, as the military MOL reportedly would have done.

The civilian station will be in the wrong kind of orbit—an equatorial orbit which a NASA spokesman said would not be over any great land mass.

The Air Force space laboratory was supposed to have been launched into a polar orbit carrying it over the Soviet Union and Red China.

Although Pentagon authorities refused to discuss whether the MOL had a spy mission, NASA sources said "The military project would have conducted some kind of surveillance," probably photographic.

Announcing the MOL cancellation, Deputy Secretary of Defense David Packard indicated that unmanned satellites can do the job as well.

The NASA project contemplates three men staying for up to 56 days in an orbital workshop which one official said would have the internal space equivalent to a five-room house.

A NASA spokesman said the agency has the funds and approval to work toward a launching in late 1971 or early 1972. Five launches are planned.

The workshop would stay in orbit and relief crews would be shuttled to it at intervals.

Like the MOL, the civilian space workshop would have a "breathing atmosphere" and would be pressurized to permit working in a shirtsleeve environment.

Brooks Robinson of the Baltimore Orioles was the only American Leaguer to play in all of his team's games last season. He played 162.
